Portanto e como regra, a melhor solução é a manutenção de advogados contratados permanentemente, sob vínculo trabalhista ou estatutário (conforme o caso). A seleção desses profissionais deve fazer-se através de concurso. Dispondo dessa estrutura de prestação profissional, a Administração poderá recorrer eventualmente à contratação de profissionais alheios a seus quadros, em face de causas específicas ou litígios especializados. A natureza singular do serviço advocatício caracterizar-se-á em virtude da presença de requisitos de diferente natureza: a complexidade da questão, a especialidade da matéria, a sua relevância econômica, o local em que exercitará a atividade, o grau de jurisdição e assim por diante. Nada impede que a singularidade derive da complexidade do conjunto de atividades e tarefas: individualmente, cada atuação poderia ser considerada como normal e comum, mas existem centenas ou milhares de processos e a singularidade decorre dessa circunstância quantitativa. É difícil sistematizar todos os eventos que podem conduzir à inviabilidade de competição. A dificuldade é causada pela complexidade do mundo real, cuja riqueza é impossível de ser delimitada através de regras legais” (Comentários à lei de licitações e contratos administrativos. 14. ed. CONSTITUCIONAL E ADMINISTRATIVO. AÇÃO CIVIL PÚBLICA. CONTRATAÇÃO DE ESCRITÓRIO DE ADVOCACIA. ANULAÇÃO DO CONTRATO DE PRESTAÇÃO DE SERVIÇOS ADVOCATÍCIOS. APELO CONHECIDO E DESPROVIDO. 1. Cuida-se de Apelação nos autos da Ação Civil Pública com pedido de tutela de urgência interposta pelo Ministério Público do Estado do Ceará em desfavor do Município de Itapipoca e Felisberto &amp; Tavares Advogados, em cujo feito restou julgado procedente o pedido, confirmando a tutela dantes concedida, no sentido de anular o contrato, objeto dos autos, determinando a abstenção do ente público de efetuar outra contratação de advogado ou escritório para prestar serviços de assessoria ou consultoria jurídica na Administração Pública. 2.A demanda aqui trazida versa sobre o contrato de prestação de serviços firmado entre o escritório Felisberto &amp; Tavares Advogados e o Município de Itapipoca voltado a prestação de serviços de assessoria e consultoria jurídica especializada junto à Secretaria de Governo e Articulação. O valor total da contratação era de R$ 114.000,00 (cento e quatorze mil reais) no prazo de 12 (doze) meses, podendo ser renovado. 3. Sem olvidar de que a contratação ocorrera mediante prévio procedimento licitatório, o certo é que o Município de Itapipoca é composto por membros que, mediante concurso público, ingressaram na carreira jurídica como determina a Constituição Federal. Ademais, o art. 2º, da Lei Municipal nº 06/1998, estabelece a competência da Procuradoria Geraldo Município que, dentre outras atribuições, envolve demanda judicial nas ações cíveis, trabalhistas, de acidentes de trabalho, falimentares, nos processos especiais, exercendo funções de consultoria jurídica do executivo e dos órgão da Administração Direta do Município. 4. Em outras palavras, os serviços contratados são inerentes às atividades desenvolvidas pela Procuradoria do Município de Itapipoca, circunstância que rechaça a necessidade de contratação de novos advogados. 5. Apelo conhecido e desprovido. ACÓRDÃO: Vistos, relatados e discutidos estes autos, acorda a 2ª Câmara Direito Público do Tribunal de Justiça do Estado do Ceará, por unanimidade de votos, em conhecer do Apelo, mas para negar-lhe provimento, nos termos do voto da relatora. 	procedência de ação civil pública. 2. Foi devolvida a este Tribunal a controvérsia em torno da legalidade da licitação instaurada pelo Município de Palhano/CE, para "contratação de serviços técnicos profissionais de advocacia consistentes na assessoria e consultoria jurídica no acompanhamento de processos e realização de defesas dos interesses municipais, junto aos Tribunais de 2ª Instância (TRT7, TJCE e TRF5), Tribunais Especiais (STJ e TST) e Supremo Tribunal Federal". 3. Ora, é verdade que a existência de quadro próprio de procuradores, por si só, não constitui fato impeditivo à contratação de auxílio externo de escritório de advocacia, desde que demonstrada sua efetiva necessidade. 4 . Ocorre que o Município de Palhano/CE, in casu, não se desincumbiu, satisfatoriamente, do seu ônus de demonstrar a pertinência da contratação, mormente sendo dotado de uma Procuradoria Jurídica estruturada em âmbito local, que poderia muito bem desempenhar os serviços licitados na Tomada de Preços nº 001/2017. 5. Com efeito, o termo de referência da contratação é bastante sucinto nesta parte, não se podendo inferir, a partir da motivação genérica apresentada pela Administração Pública, a efetiva necessidade dos serviços. 6. Assim, procedeu corretamente o magistrado de primeiro grau, quando decretou a nulidade da licitação (Tomada de Preços nº 001/2017), por violação aos princípios da legalidade, moralidade, proporcionalidade e eficiência, tão caros à Administração Pública, no exercício de seu mister. 7. Permanecem, portanto, inabalados os fundamentos da sentença, impondo-se sua confirmação neste azo. - Precedentes. - Apelação conhecida e não provida. - Sentença mantida. ADMINISTRATIVO. PROCESSUAL CIVIL. AÇÃO Civil Pública com pedido de tutela de urgência. Preliminar de inadmissibilidade do recurso por falta de documento obrigatório afastada. Mérito. suposta realização de licitação para contratação de serviços advocatícios sem a demonstração de sua efetiva necessidade. deferimento do provimento antecipatório pelo juiz de PRIMEIRO GRAU. suspensão do certame. Possibilidade. Preenchimento dos requisitos legais do art. 300 do CPC. recurso conhecido e desprovido. DECISÃO INTERLOCUTÓRIA mantida. 1. Tratam os autos de agravo de instrumento interposto pelo Município de Palhano, buscando a reforma de decisão interlocutória proferida pelo magistrado de primeiro grau que, em sede de ação civil pública proposta pelo Ministério Público, deferiu, liminarmente, a tutela antecipada requestada, suspendendo processo licitatório instaurado para a contratação de serviços de advocacia (Tomada de Preços nº 001/2017). 2. Afasto, de plano, a preliminar suscitada pelo Ministério Público de que o presente agravo de instrumento não poderia ser conhecido, por não ter sido instruído com documento obrigatório previsto no art. 1.017, I, do CPC, a saber: a contestação ou a declaração de sua inexistência. Isso porque, é facilmente constatado, a partir da leitura dos documentos que instruem os autos, que o Município de Palhano ainda não havia apresentado contestação quando da interposição do recurso. Assim, a meu ver, deve prevalecer o exame de mérito das suas razões em relação ao formalismo exacerbado, nos termos dos arts. 4º e 932, parágrafo único, do CPC. 3. Para a concessão da tutela provisória de urgência, deve ser observado o disposto no art. 300, caput, do Código de Processo Civil de 2015, isto é, a probabilidade do direito (fumus boni iuris), bem como o perigo de dano e/ou o risco ao resultado útil do processo (periculum in mora). 4. A probabilidade do direito invocado pelo autor/agravado se encontra demonstrada in casu, uma vez que, da análise preliminar da documentação carreada aos autos, há fortes indícios de que a realização da licitação ora questionada violaria os princípios da legalidade, moralidade, proporcionalidade e eficiência administrativa. Por outro lado, o periculum in mora também se faz evidente, na medida em que a demora na obtenção do provimento pleiteado na ação principal poderá acarretar danos irreparáveis ou de difícil reparação ao erário, decorrentes de uma possível contratação indevida e, por consequência, da realização de despesas desnecessárias, por parte de ente público municipal, que enfrenta situação de dificuldade financeira. 5. Diante de tal panorama, afigura-se perfeitamente possível e razoável, ainda que em sede de cognição sumária, a concessão de medida antecipatória da tutela de urgência, com ordem de imediata suspensão da Tomada de Preços nº 001/2017, até o deslinde da ação principal e decisão definitiva quanto à legalidade de referido certame licitatório pelo Poder Judiciário. 6. Permanecem, pois, inabalados os fundamentos da decisão interlocutória do Juízo a quo, impondo-se sua manutenção nesta oportunidade. - Decisão interlocutória mantida. Vistos, relatados e discutidos os presentes autos de Agravo de Instrumento nº 0622444-43.2017.8.06.0000, em que figuram as partes acima indicadas.

AGRAVO IMPROVIDO. 1. O deferimento do pedido de suspensão está condicionado à demonstração de que a manutenção da decisão impugnada causa efetiva e grave lesão à ordem, à saúde, à segurança ou à economia públicas. 2. Na espécie, não se demonstrou, concretamente, de que forma a decisão, que anulou contrato de prestação de serviços advocatícios realizado sem prévia licitação e fixou o prazo de 120 dias para que fossem tomadas as providências necessárias referentes às atividades objeto do contrato, teria o potencial de causar lesão à ordem e à economia públicas. 3. A suspensão de segurança é medida excepcional, que não tem natureza jurídica de recurso, razão pela qual não admite a devolução do conhecimento da matéria de mérito da controvérsia para o eventual reexame ou reforma. 4. GRAVE LESÃO À ORDEM E À ECONOMIA PÚBLICAS. INEXISTÊNCIA. AUSÊNCIA DE COMPROVAÇÃO DO DANO ALEGADO. PEDIDO DE SUSPENSÃO INDEFERIDO. AGRAVO REGIMENTAL DESPROVIDO. I - O agravante não demonstrou, de modo preciso e cabal, a grave lesão à ordem ou à economia pública, sendo insuficiente a mera alegação de que a manutenção do r. decisum atacado teria o condão de acarretar danos para o para o Estado. II - A existência de 370 (trezentos e setenta) processos judiciais com prazos processuais em andamento e audiências para serem realizadas ainda no ano de 2013, bem como a essencialidade do serviço público oferecido não dispensam os contornos legais relacionados ao ônus da prova e à pacífica exigência jurisprudencial, de cabal e precisa demonstração de potencial ou grave lesão aos bens tutelados pelas leis de regência do pedido de suspensão. III - Ademais, é necessário que o grave dano seja diretamente decorrente do decisum que se busca suspender. No presente caso não se especifica nem se demonstra que a suspensão de contrato de assessoria jurídica prestado por escritório de advocacia atinge diretamente o fornecimento de água e a expansão das redes de água e esgoto pela Concessionária ora interessada. IV - Concordo, ademais, com o posicionamento proferido por esta Corte Especial, nos autos do AgRg na SLS n.1353/PI, da relatoria do em. Ministro Ari Pargendler, de que a "lesão que autoriza a suspensão de medida liminar é a lesão grave, iminente ou atual". V - Assim, a hipótese suscitada de eventual responsabilização subsidiária do Ente Federativo em suposto inadimplemento de obrigação contratual não tem o potencial de lesionar a ordem econômica, já que a responsabilização da Administração, no momento, não passa de mera possibilidade. VI - Por fim, em razão da excepcionalidade da presente medida e por visualizar a existência de outros meios (processual e administrativo), ao alcance do Estado, capazes de minorar os efeitos práticos gerados pelo decisum de origem, entendo que o presente pedido não prospera. Na espécie, o título judicial em execução traz todos os elementos necessários à adequada individualização, de forma que a apuração do valor a ser executado depende apenas de cálculos aritméticos, enquadrando-se no permissivo legal para que o credor promova desde logo o cumprimento da sentença (art. 509, § 2º, do Código de Processo Civil). Além disso, a suspensão na origem se deu antes mesmo da triangulação da relação processual, o que impossibilita que se avalie, no caso concreto, se há efetivo prejuízo ao contraditório e à ampla defesa pela ausência de prévia liquidação. 3. Agravo de Instrumento provido. Unânime. (TJDF 07053830920248070000 1887235, Relator: FÁTIMA RAFAEL, Data de Julgamento: 10/07/2024, 3ª Turma Cível, Data de Publicação: 13/07/2024). LIQUIDAÇÃO INDIVIDUAL DE SENTENÇA COLETIVA. DECISÃO DE SOBRESTAMENTO DO FEITO FUNDADA EM RECURSO REPETITIVO (TEMA 1.169, STJ). DISTINÇÃO ENTRE OBJETOS DISCUTIDOS. PROSSEGUIMENTO DO FEITO NA ORIGEM. POSSIBILIDADE. RECURSO CONHECIDO E PROVIDO 1. A questão submetida a julgamento no Tema 1.169 do STJ, cinge-se, unicamente, a: Definir se a liquidação prévia do julgado é requisito indispensável para o ajuizamento de ação objetivando o cumprimento de sentença condenatória genérica proferida em demanda coletiva, de modo que sua ausência acarreta a extinção da ação executiva, ou se o exame quanto ao prosseguimento da ação executiva deve ser feito pelo Magistrado com base no cotejo dos elementos concretos trazidos aos autos. 2. O caso sub judice consubstancia-se justamente em liquidação prévia ao cumprimento de sentença coletiva transitada em julgado, pela qual se busca aferir, por meio de simples cálculo aritmético, o valor devido ao exequente em decorrência da determinação de reposição de perdas salariais oriundas do Plano Collor, no percentual de 84,32% relativamente ao IPC de março /1990. 3. Assim, diante da distinção entre os objetos da presente demanda e do Tema 1.169 do STJ, é de rigor a reforma da decisão que determinou o sobrestamento daquela até o julgamento definitivo deste. 4. 	Decisão Reformada. Recurso Conhecido e Provido. I. Caso Em Exame: Agravo de instrumento interposto em face de decisão que determinou a suspensão dos autos de cumprimento de sentença individualizada de ação coletiva, com fulcro no Tema Repetitivo nº 1.169 do Superior Tribunal de Justiça. II. Questão Em Discussão: Cinge-se a controvérsia recursal em analisar se o caso está afetado pelo Tema Repetitivo n.º 1.169 do Superior Tribunal de Justiça e se deve, portanto, ser sobrestado. III. Razões De Decidir: III.1. Observa-se que a apuração do crédito exequendo não exige cálculos complexos, mas apenas simples cálculos aritméticos. III.2 Considerando que o título judicial que embasa o cumprimento de sentença permite a individualização dos valores exigidos pelo agravado, que poderão ser aferidos mediante simples cálculos aritméticos, o caso dos autos não se encontra afetado pela decisão de suspensão dos processos estabelecida em razão do Tema 1.169 do Superior Tribunal de Justiça. Apelação cível interposta pelo Município de Itapipoca contra sentença que julgou procedente ação ajuizada por servidora, para determinar que o ente municipal conceda&#160;o&#160;pagamento&#160;de&#160;2 (duas) licenças-prêmio (referentes ao período de 1995 a 2005), não usufruídas pela autora.</p><p class="MsoNormal" style="margin-left: 4cm; line-height: 200%; text-align: justify;"> II. Questão em discussão </p><p class="MsoNormal" style="margin-left: 4cm; line-height: 200%; text-align: justify;"> 2. A questão em discussão consiste em analisar o direito da servidora municipal à conversão da licença-prêmio em pecúnia.</p><p class="MsoNormal" style="margin-left: 4cm; line-height: 200%; text-align: justify;"> III. Razões de decidir </p><p class="MsoNormal" style="margin-left: 4cm; line-height: 200%; text-align: justify;"> 3. De acordo com o art. 105 da Lei Municipal nº 205/1994, após cada quinquênio de efetivo exercício o servidor fará jus a 3 (três) meses de licença, a título de prêmio por assiduidade, sem prejuízo da remuneração. Tal dispositivo foi revogado expressamente pela Lei Municipal nº 33, de 26 de julho de 2005.</p><p class="MsoNormal" style="margin-left: 4cm; line-height: 200%; text-align: justify;"> 4. Ressalta-se que, apesar de revogado em 2005, o direito à licença-prêmio foi incorporado e passou a integrar o patrimônio jurídico daqueles servidores que implementaram os requisitos legais para tanto durante a vigência da lei instituidora, a partir de 1994.</p><p class="MsoNormal" style="margin-left: 4cm; line-height: 200%; text-align: justify;"> 5. Ademais, trata-se de ato administrativo vinculado, de tal sorte que uma vez satisfeitos os requisitos legais pertinentes, o agente público passa a ter direito subjetivo à percepção da licença-prêmio.</p><p class="MsoNormal" style="margin-left: 4cm; line-height: 200%; text-align: justify;"> 6. In casu, restando evidenciado nos autos que a autora ingressou no serviço público municipal em 09/02/1995, aposentando-se das suas funções em 08/07/2021. Todavia, não há prova de que usufruiu de licença-prêmio adquirida legitimamente durante a vigência da Lei nº 205/1994. Por sua vez, o ente público olvidou acostar documentação apta a comprovar fato que modificasse, impedisse ou extinguisse o direito vindicado (art. 373, II, CPC), limitando-se a alegar a ausência de previsão legal para o pagamento da vantagem.</p><p class="MsoNormal" style="margin-left: 4cm; line-height: 200%; text-align: justify;"> IV. 	APELAÇÃO CONHECIDO E DESPROVIDO. HONORÁRIOS POSTERGADOS. 01. Cuida-se de Recurso de Apelação Cível com a finalidade de reforma da sentença que entendeu procedência da Ação de Cobrança intentada pela parte ora recorrida e que condenou o Município de Viçosa do Ceará a pagar verbas referentes às férias vencidas, acrescidas de 1/3 do período laborado de 01.04.2013 a 30.12.2016, não pagas pelo réu por ocasião da exoneração da parte promovente do cargo de livre nomeação e desligamento. 02. O art. 39, §3º, c/c artigo 7º, VIII e XVII, da CF88, asseguram ao ocupante de cargo público, seja efetivo ou comissionado, a percepção de férias acrescidas de um terço, inclusive em valor proporcional ao período laborado. 03. In casu, tem-se comprovado nos autos que a parte autora foi ocupante do cargo comissionado, no período de 01 de abril de 2013 até 30 de dezembro de 2016, de forma que outro entendimento não deve prevalecer, senão o de que lhe é assegurado, pela expressa dicção constitucional acima colacionada, o direito à percepção das verbas relativas às férias proporcionais e respectivo terço constitucional referentes ao período acima mencionado. 04. O Município apelante, não fez prova da efetiva quitação das verbas remuneratórias pleiteadas na inicial, e acolhidas pelo magistrado de piso, ônus este do qual não se desincumbiu, consoante artigo 373, II, do CPC. Observo que, na senda dos entendimentos deste Sodalício Alencarino, resta incontroverso o direito à percepção dos valores inerentes ao saldo salarial relativo ao período de 01.04.2013 a 30.12.2016, isto é, nos moldes apresentados pela parte requerente e já reconhecidos pelo magistrado de planície, não merecendo alteração o decisum nesse ponto. 06. OBRIGAÇÃO QUANTO AO PAGAMENTO FÉRIAS E TERÇO CONSTITUCIONAL. APELO CONHECIDO E DESPROVIDO. 1. Trata-se de Apelação interposta pelo Município de Viçosa, requerendo a reforma da sentença que julgou procedente o pedido inaugural, no sentido de condená-lo ao pagamento de R$ 1.735,64 (mil, setecentos e trinta e cinco reais e sessenta e quatro centavos) referentes às férias e um terço constitucional correspondente ao período em que o autor trabalhara para a municipalidade ocupando cargo comissionado, ficando ainda condenado ao pagamento da verba honorária. 2. A Constituição Federal de 1988 conferiu aos servidores ocupantes de cargo público, sejam eles ocupantes de cargo efetivo ou comissionado, os direitos dispostos no art. 7º, da CF, dentre os quais encontram-se as férias e 1/3 constitucional. Diante da expressa previsão constitucional (art. 39, § 3º), ainda que se trate de cargo de livre nomeação e exoneração (art. 37, II, CF), inexiste dúvidas quanto ao direito ao percebimento de verbas rescisórias advindas do exercício do cargo de comissão. 3. RECLAMA DIREITO A FÉRIAS, TERÇO DE FÉRIAS. ART. 39, § 3º E ART. 7, VIII e XVII, DA CONSTITUIÇÃO FEDERAL. APELAÇÃO CÍVEL CONHECIDA E IMPROVIDA. I. O descortino em revista nesta seara recursal é saber acerca das verbas rescisórias reivindicadas pelo autor em razão de ter ocupado cargo comissionado perante o Município requerido, durante o período de 26/06/2015 a 30/12/2016. II. Com efeito, o servidor público ocupante de cargo em comissão de livre nomeação e exoneração, na forma do art. 37, II e V, da Constituição Federal, ao ser exonerado, possui o direito a receber, 13º (décimo terceiro) salário e o adicional de férias, afora a indenização pelas férias não gozadas, na forma do art. 39, § 3º e art. 7º, VIII e XVII, da Constituição Federal. III. Portanto, repise-se que a jurisprudência nacional tem consolidado o entendimento que servidor público ocupante de cargo em comissão de livre nomeação e exoneração, na forma do art. 37, II e V, da Constituição Federal, quando

	dispensado, possui apenas o direito a receber, 13º (décimo terceiro) salário e o adicional de férias, afora a indenização pelas férias não gozadas, na forma do art. 39, § 3º e art. 7, VIII e XVII, da Constituição Federal Precedentes. IV. No mais, o Ente Público nenhuma prova produziu de molde a afiançar o argumento de que o autor não tem direito ao recebimento das verbas postuladas, por ocasião do exercício do cargo comissionado. Ora, repise-se que todos os trabalhadores nacionais, independentemente da maneira de admissão, o legislador constituinte pôs a salvo diversos direitos sociais, igualmente concedidos aos trabalhadores em geral, incluindo férias remuneradas e respectivo terço adicional, afora o décimo terceiro salário. V. Por esta forma, consoante o art. 373, inciso II, do Código de Processo Civil, não se desincumbiu do ônus de comprovar o pagamento dos valores pleiteados, de molde a desconstituir a sentença recorrida. VI. Realmente, "o ônus da prova como regra de conduta, a teor do art. 373 do CPC, é atribuído de acordo com o interesse na afirmação do fato. Cabe ao autor a prova dos fatos constitutivos do seu direito, porque são aqueles que poderão levar à procedência de seu pedido. Ao réu caberá o ônus de provar os fatos modificativos, extintivos ou impeditivos do direito do autor, porque poderão levar à improcedência do pedido formulado na petição inicial. Se o réu se limitar a negar o fato constitutivo do direito alegado pelo autor, o ônus continuará cabendo a este último. APELAÇÃO DA REQUERENTE NÃO CONHECIDO E RECURSO DA EDILIDADE E REEXAME NECESSÁRIO CONHECIDOS E PARCIALMENTE PROVIDOS. 1. O cerne da questão consiste em analisar a possibilidade de pagamento, por parte do Município, das verbas remuneratórias retroativas referentes ao período em que pagou ao servidor valor inferior ao salário mínimo, bem como seus reflexos nas férias e no décimo terceiro salário. Respeitada a prescrição quinquenal a contar do ajuizamento da ação. Recurso da autora 2. O apelo apresentado pela parte autora e que impugna a condenação da autora nas sanções descritas na norma para os casos de litigância de má-fé, bem como requer seja concedido o benefício da justiça gratuita. As razões recursais dissociam-se daquelas utilizadas decisão recorrida, sendo imperativo, nesses casos, o não conhecimento do recurso. Flagrante o desrespeito ao princípio da dialeticidade, que consubstancia-se no ônus do recorrente de impugnar todos os fundamentos que justificariam a manutenção da decisão impugnada. Precedentes. Recurso do Município de Umari e Reexame Necessário 3. Quanto à preliminar de coisa julgada, da análise do julgamento realizado pelo Colendo TRT da 7ª Região, dessume-se ter sido efetivamente apreciado o mérito da demanda ali em discussão. Na ocasião, o magistrado trabalhista entendeu pelo reconhecimento da prescrição do direito autoral e referente ao período laborado anteriormente à entrada em vigor da Lei nº 109/2005 (Estatuto dos Servidores Públicos do Município do Umari). Dúvidas não pairam quanto à necessidade de reconhecimento da coisa julgada referente às verbas trabalhistas anteriores à entrada em vigor da Lei nº 109/2005, publicada no DOE em 02/06/2009. 4. No mérito, a garantia constitucional do salário-mínimo estende-se a qualquer servidor, estando estampada na Carta Magna, no art. 7º, inc. IV, c/c art. 39, § 3º. Inexiste qualquer previsão legal que possibilite o pagamento proporcional do salário-mínimo de acordo com a jornada de trabalho. Precedentes. 5. Tendo em vista tais considerações, o município recorrente deve remunerar seus servidores adequando-se ao quantum limítrofe estipulado na Carta Maior, qual seja, o salário-mínimo nacionalmente unificado. Comprovado o pagamento a menor, diferenças devidas. 6. A autora não apresentou recurso apto a afastar o dispositivo da sentença aqui analisada e que entendeu serem devidas as diferenças de salário inferior ao mínimo somente até 31/12/2010, quando teria a edilidade iniciado o pagamento das remunerações em valores nunca inferior ao salário mínimo. Aplicação do princípio non reformatio in pejus. 7. Recurso de Apelação manejado pela parte autora não conhecido, por ausência de dialeticidade e Reexame Necessário e Apelação manejada pelo Município de Umari conhecidos, para dar-lhes parcial provimento, reconhecendo a preliminar de coisa julgada e afastando a possibilidade de qualquer discussão a respeito de verbas remuneratórias

IMPOSSIBILIDADE DE ANÁLISE NESTA INSTÂNCIA. INOBSERVÂNCIA AO PRINCÍPIO DA DIALETICIDADE. APELAÇÃO NÃO CONHECIDA. 1. O artigo 1.010 do Código de Processo Civil de 2015 dispõe que a apelação deve conter, obrigatoriamente, os fundamentos de fato e de direito aptos a ensejar a possível reforma da sentença. Com efeito, o recurso, necessariamente, precisa conter argumentos para pedir a reforma da sentença atacada, devendo contrapor-se às teses nela acolhidas, ou seja, as razões pelas quais a parte apelante entende que deva ser reformado o decisum. 2. No caso concreto, os apelantes discorrem sobre a possibilidade de estender aos autores o piso salarial deferido pelo Decreto Municipal nº 7.153/85, a fim de perceberem seus vencimentos em igualdade de condições a de outros servidores detentores de mesmo cargo e atribuições similares, os quais, por força de medida judicial, tiveram implantados, em seus contracheques, reajustes vencimentais com base em múltiplos de mínimos. Ocorre que a sentença vergastada não se fundou em nenhuma das hipóteses contidas no recurso, mas, tão somente, extinguiu o feito sem resolução de mérito, em face da inadequação da via eleita. 3. De acordo com o princípio da dialeticidade, não basta a mera vontade de recorrer, é necessário que a parte recorrente apresente os motivos da irresignação com base no que restou decidido pelo juízo a quo, demonstrando, claramente, quais os pontos em que o magistrado se equivocou ou agiu contra legem. 4. Na hipótese sub examine não merece conhecimento a insurgência recursal, por padecer de óbice intransponível, consistente na ausência de relação entre os fundamentos do decisum de primeiro grau e as razões aqui apresentadas. 5. [...] 3. A controvérsia cinge-se ao cabimento da remessa necessária nas sentenças ilíquidas proferidas em desfavor da Autarquia Previdenciária após a entrada em vigor do Código de Processo Civil/2015. 4. A orientação da Súmula 490 do STJ não se aplica às sentenças ilíquidas nos feitos de natureza previdenciária a partir dos novos parâmetros definidos no art. 496, § 3º, I, do CPC/2015, que dispensa do duplo grau obrigatório as sentenças contra a União e suas autarquias cujo valor da condenação ou do proveito econômico seja inferior a mil salários mínimos. 5. A elevação do limite para conhecimento da remessa necessária significa uma opção pela preponderância dos princípios da eficiência e da celeridade na busca pela duração razoável do processo, pois, além dos critérios previstos no § 4º do art. 496 do CPC/15, o legislador elegeu também o do impacto econômico para impor a referida condição de eficácia de sentença proferida em desfavor da Fazenda Pública (§ 3º). 6. A novel orientação legal atua positivamente tanto como meio de otimização da prestação jurisdicional - ao tempo em que desafoga as pautas dos Tribunais - quanto como de transferência aos entes públicos e suas respectivas autarquias e fundações da prerrogativa exclusiva sobre a rediscussão da causa, que se dará por meio da interposição de recurso voluntário. 7. Não obstante a aparente iliquidez das condenações em causas de natureza previdenciária, a sentença que defere benefício previdenciário é espécie absolutamente mensurável, visto que pode ser aferível por simples cálculos aritméticos, os quais são expressamente previstos na lei de regência, e são realizados pelo próprio INSS. 8. Na vigência do Código Processual anterior, a possibilidade de as causas de natureza previdenciária ultrapassarem o teto de sessenta salários mínimos era bem mais factível, considerado o valor da condenação atualizado monetariamente. 9. Após o Código de Processo Civil/2015, ainda que o benefício previdenciário seja concedido com base no teto máximo, observada a prescrição quinquenal, com os acréscimos de juros, correção monetária e demais despesas de sucumbência, não se vislumbra, em regra, como uma condenação na esfera previdenciária venha a alcançar os mil salários mínimos, cifra que no ano de 2016, época da propositura da presente ação, superava R$ 880.000,00 (oitocentos e oitenta mil reais). 9. Processo	0020813-66.2019.8.06.0090
	SERVIDORAS PÚBLICAS DO MUNICÍPIO DE ICÓ/CE. OCUPANTES DO CARGO DE “SECRETÁRIA ESCOLAR”. AUSÊNCIA DE DIREITO À EXTENSÃO DA VANTAGEM CONCEDIDA A OUTRAS 02 (DUAS) INTEGRANTES DA MESMA CATEGORIA. APLICAÇÃO DA SÚMULA VINCULANTE Nº 37 DO STF AO PRESENTE CASO. PRECEDENTES. RECURSO CONHECIDO E NÃO PROVIDO. SENTENÇA MANTIDA. 1. Cuida-se, na espécie, de Apelação Cível, adversando sentença em que o magistrado de primeiro grau concluiu pela total improcedência de ação ordinária. 2. Foi devolvida a este Tribunal a controvérsia em torno da existência ou não do direito de servidoras públicas do Município de Icó/CE, ocupantes do cargo de “secretária escolar”, à extensão de uma vantagem (denominada de “Tempo Integral”) que vem sendo paga a outras 02 (duas) integrantes da mesma categoria, com base no princípio da isonomia. 3. Ora, há bastante tempo, é pacífica a orientação do Supremo Tribunal Federal de que: “ não cabe ao Poder Judiciário, que não tem função legislativa, aumentar vencimentos de servidores públicos sob o fundamento de isonomia” (Súmula Vinculante nº 37). 4. Assim, o simples fato de o Município de Icó/CE ter concedido, sem amparo em lei, uma vantagem (denominada de “Tempo Integral”) a 02 (duas) servidoras públicas, ocupantes do cargo de “secretária escolar”, de per si, não autoriza o Judiciário a deferir sua extensão aos demais integrantes da mesma categoria, sob pena de ofensa ao Princípio da Separação dos Poderes (CF/88, art. 2º). 5. SERVIDORA PARADIGMA BENEFICIADA POR DECISÃO PROFERIDA NO ÂMBITO DA JURISDIÇÃO TRABALHISTA. VEDAÇÃO. RECURSO DESPROVIDO. 1- A questão em análise envolve postulação de servidoras públicas municipais (professoras), na qual objetivam, sob o princípio constitucional da isonomia, em face de exercer as mesmas atribuições de outra servidora paradigma, perceber os mesmos vencimentos desta. <strong>2- Acerca do assunto, o Supremo Tribunal Federal, ao julgar o Recurso Extraordinário nº 592.317, em sede de repercussão geral, decidiu que: "Não cabe ao Poder Judiciário, que não tem a função legislativa, aumentar vencimentos de servidores públicos sob o fundamento de isonomia. Discutia-se a possibilidade de aumento de vencimentos e extensão de vantagens e gratificações pelo Poder Judiciário e pela Administração Pública. O Tribunal reafirmou o Enunciado 339 da Súmula do STF. Registrou que a jurisprudência da Corte é pacífica no sentido de que o aumento de vencimentos de servidores depende de lei e não pode ser efetuado apenas com base no princípio da isonomia. Ademais, o Poder Judiciário não pode proceder à equiparação salarial entre servidores de mesmo cargo, quando o paradigma decorrer de decisão judicial transitada em julgado, bem assim estender gratificação especificamente destinada a servidores em exercício em determinada secretaria quando cedidos a outro órgão (RE 592.317/RJ, rel. Min. GILMAR MENDES, julgado em 28/8/2014, acórdão publicado no DJe de 10/11/2014). 3- Observa-se dos presentes fólios que a questão em destrame é idêntica àquela objeto do RE-RG nº 592.317/RJ, em que as autoras – servidoras públicas do Município de Fortaleza – com esteio no princípio constitucional da isonomia (arts. 5º, caput, e 7º, XXX, da CF) e em reclamação trabalhista, almejam a implantação em folha de pagamento dos mesmo valor - R$ 1.332,83 (um mil, trezentos e trinta e dois reais e oitenta e três centavos), sob a rubrica "COMPL SAL JUD" - concedido em decisão judicial trabalhista à servidora paradigma. 4- A decisão monocrática recorrida baseou-se não somente no RE-RG nº 592.317/RJ (Inf. nº 756), mas também nos enunciados – de igual teor – da Súmula Vinculante 37 e da Súmula 339 do STF: "Não cabe ao Poder Judiciário, que não tem função legislativa, aumentar vencimentos de servidores públicos sob o fundamento de isonomia". 5- Evidenciada na jurisprudência do Pretório Excelso a questão constitucional tangente à vedação de o Poder Judiciário, sob o fundamento da isonomia, aumentar vencimentos de servidores, bem como à impossibilidade de vinculação de piso salarial a múltiplos de salário-mínimo, não há fazer prevalecer a tese recursal (art. 1.040,

Fundamentou ainda que, mesmo se considerando como não isonômico o tratamento dado ao demandante em relação a delegados titulares de delegacias formalmente constituídas, a extensão, pelo Judiciário, da gratificação de representação pretendida, ausente previsão legal para tanto, contraria o disposto na Súmula Vinculante nº 37 do STF, As aduzidas lacunas de fundamentação se referem à tentativa de rediscussão do mérito da questão, para reverter o resultado que foi adverso ao embargante, o que não se insere nas hipóteses de cabimento dos declaratórios. RECURSO CONHECIDO E NÃO PROVIDO. SENTENÇA CONFIRMADA. 1. Trata-se, no presente caso, de apelação cível, adversando sentença em que o magistrado de primeiro grau considerou improcedente ação ordinária movida por servidora pública do Município de Fortaleza/CE. 2. Foi devolvida a este Tribunal a controvérsia em torno da existência ou não do direito à implantação da "Gratificação de Difícil Acesso" (atualmente denominada de "Gratificação de Incentivo à Lotação"), expressamente prevista na Lei nº 5.895/84 e no Decreto nº 6.944/85. 3. Ora, é possível se inferir da leitura das normas aplicáveis ao caso que, para a concessão de tal vantagem, são necessários 02 (dois) requisitos cumulativos: (a) a lotação em escola distante a mais de 15 km (quinze quilômetros) do centro urbano da cidade e (b) o percurso até o local de trabalho deve ser feito por meio de vias secundárias não pavimentadas em

Assim, com base na teoria da distribuição do ônus da prova de que trata o art. 373 do CPC, tinha a autora/apelante o dever de demonstrar que tais requisitos estariam atendidos in concreto, o que, porém, não ocorreu. 5. Nesse diapasão, é válido destacar que o simples fato de tal vantagem está sendo indevidamente paga a alguns professores, de per si, não autoriza sua extensão a outros integrantes da categoria, porque os erros e violações legais devem ser reprimidos e nunca preservados. 6. Ademais, "não cabe ao Poder Judiciário, que não tem função legislativa, aumentar vencimentos de servidores públicos sob o fundamento de isonomia" (Súmula Vinculante nº 37 do Supremo Tribunal Federal). 7. Ora, facilmente se extrai dos autos que, antes de requerer a citação por edital, a Fazenda Pública não pleiteou ao Juízo de primeiro grau a utilização dos meios que estavam ao seu alcance para descobrir o endereço atualizado do devedor, malferindo, com isso, o disposto no art. 256, §3º, do Código de Processo Civil. </p><p style="line-height: 1.38; margin-left: 142pt; text-align: justify; margin-top: 10pt; margin-bottom: 0pt;" dir="ltr"> 4. EXECUÇÃO FISCAL. CITAÇÃO POR EDITAL. CITAÇÃO POSTAL E POR OFICIAL DE JUSTIÇA INVÁLIDAS EM VIRTUDE DO INCOMPLETO ENDEREÇO INFORMADO NOS MANDADOS DE CITAÇÃO. INTERPRETAÇÃO CONJUNTA DOS ART. 8º DA LEF E OS ART. 256, §3º, DO CPC. ENTENDIMENTO DO STJ FIXADO NO RECURSO ESPECIAL REPETITIVO REsp. 1.103.050/BA. REFORMADA A DECISÃO INTERLOCUTÓRIA DE ORIGEM. RECURSO CONHECIDO E PROVIDO. 1. Cinge-se a controvérsia à necessidade de, nas execuções fiscais, diligenciar com vistas a localizar o endereço atualizado do executado antes de se proceder à citação por edital. 2. Com efeito, a interpretação que se constrói a partir do art. 8º da LEF c/c o art. 256, § 3º, do CPC, é a de que a citação por edital somente será realizada após o esgotamento de todos meios possíveis para localizar o devedor. Nessa senda, o Superior Tribunal de Justiça, no julgamento do REsp. 1.103.050/BA, submetido à sistemática dos recursos especiais repetitivos, firmou entendimento no sentido de que a citação por edital, na execução fiscal, é cabível quando esgotadas as outras duas modalidades de citação ali previstas: a citação pelo correio e por oficial de justiça. 3. Esse entendimento foi sedimentado na Súmula 414 n.º do STJ, segundo a qual "a citação por edital na execução fiscal é cabível quando frustradas as demais modalidades". 4. Segundo consta do aviso de recebimento de fl. 5 (autos principais), a citação não ocorreu por força da inexistência do número indicado pela parte exequente. Igualmente, a citação por mandado restou infrutífera, face à inexistência da numeração apontada, de acordo com a certidão do oficial de Justiça responsável pela diligência de fl. 24 (autos principais). 5. RECURSO CONHECIDO E DESPROVIDO. SENTENÇA CONFIRMADA. 1. Cuida-se de apelação cível interposta em face da sentença que, nos autos de Embargos à Execução Fiscal, acolheu-os, declarando a nulidade da citação por edital e de todos os atos processuais posteriores à citação, realizados na Execução Fiscal. 2. Conforme disposto no art. 341, parágrafo único do CPC, o Curador Especial é beneficiado com a isenção do ônus de impugnação especificada, exatamente por não ter contato com o executado, estando, portanto, impossibilitado de contrariar cada um dos fatos deduzidos na inicial como fundamento da pretensão do exequente, não havendo que se falar em julgamento extra petita por não ter sido arguida a nulidade da citação. 3. Conforme jurisprudência do STJ, a citação editalícia é medida excepcional, somente sendo cabível quando esgotados meios reais de localização da parte demandada. 4. In casu, a citação via correio não se efetivou em razão de "endereço insuficiente". Da mesma forma, a citação via oficial de justiça não se efetivou em virtude da não localização do número indicado no endereço constante na CDA, tendo, em seguida, sido determinada a citação da executada por edital, de maneira que não esgotados os meios reais de localização da executada. 5. MANDADO DE SEGURANÇA. TRIBUTÁRIO. ICMS-DIFAL. PUBLICAÇÃO DA LEI COMPLEMENTAR Nº 190/2022 APENAS REGULAMENTANDO A COBRANÇA DE REFERIDO TRIBUTO ANTERIORMENTE INSTITUÍDO POR NORMA LOCAL (LEI ESTADUAL Nº 15.863/2015). DETERMINAÇÃO EXPRESSA DE OBSERVÂNCIA SOMENTE DA ANTERIORIDADE NONAGESIMAL PELO ESTADO DO CEARÁ (CONSTITUIÇÃO FEDERAL DE 19 88, ART. 150, INCISO III, ALÍNEA “C”). PRECEDENTES DAS CÂMARAS DE DIREITO PÚBLICO DO TJ/CE. RECURSO CONHECIDO E PARCIALMENTE PROVIDO. SENTENÇA REFORMADA EM PARTE. 1. Cuida-se, na espécie, de apelação cível, adversando sentença proferida pelo M.M. Juiz de Direito da 5ª Vara da Fazenda Pública da Comarca de Fortaleza/CE, que denegou a ordem requerida em mandado de segurança. 2. Preliminarmente, a mera pendência de decisão final nas ADI’s 7.066 e 7.070, em trâmite no Supremo Tribunal Federal, é insuficiente para, de per si, determinar a imediata suspensão de causas que versem sobre a mesma matéria, não havendo, assim, qualquer óbice ao prosseguimento do feito. 3. Já quanto ao mérito, é cediço que o ICMS consiste em um dos impostos mais complexos do sistema tributário nacional, que se encontra inserido no âmbito de competência dos Estados e do DF, conforme previsto expressamente no art. 155, inciso II, da CF/88. 4. E, com o advento d a EC nº 87/2015, foi substancialmente alterada a sistemática de recolhimento do ICMS nas operações envolvendo a circulação de mercadorias entre diferentes Estados-Membros , tendo o Supremo Tribunal Federal decidido que não poderia haver a cobrança do diferencial de alíquota (DIFAL), até a edição de Lei Complementar, regulamentando-o (Tema nº 1.093). 5. Sucede que, com a publicação d a Lei Complementar nº 190/2022, não foi apenas suprida a lacuna apontada no precedente vinculante do STF mas também estabelecida, em seu art. 3º, uma outra condição para que os Estados pudessem, finalmente, realizar a cobrança do ICMS-DIFAL. 6. Com efeito, o legislador optou, explicitamente, por favorecer os contribuintes, elastecendo por mais 90 (noventa dias) o termo a quo para a exigibilidade do referido tributo (ICMS-DIFAL) pelos Estados . 7. Todavia, dispõe a Lei Complementar nº. 190/2022, de forma clara e exata, que se aplica, em tal hipótese, única e tão somente, a anterioridade nonagesimal (CF/ 88, art. 150, inciso III, alínea “c”). 8. Bem por isso, não há que se falar aqui em necessidade de observância também da anterioridade de exercício (<span style="line-height:

	115%;">CF/88, art. 150, inciso III, alínea “b”), a té porque, como foi explicado, a União apenas editou normas gerais sobre o ICMS-DIFAL anteriormente instituído pela Lei Estadual nº 15.863/2015, isto é, não aumentou a carga tributária dos contribuintes. 9. A efetiva instituição do ICMS-DIFAL, na esfera local, ocorreu com a Lei Estadual nº 15.863/2015, para a qual tanto a anterioridade nonagesimal, quanto a anterioridade de exercício foram respeitadas, inexistindo, portanto, surpresa para os contribuintes. 10. A parte agravante defende ser

	inconstitucional a cobrança do Diferencial de Alíquota – DIFAL ainda no exercício de 2022, haja vista a necessidade de observância ao princípio da anterioridade anual, previsto no art. 150, III, ‘b’, da Constituição Federal, de modo que a Lei Complementar 190/2022 somente poderá produzir efeitos de 1º de janeiro de 2023 em diante. 3. A partir da Emenda Constitucional nº 87/2015, que alterou o § 2º do art. 155 da Carta Magna de 1988 e incluiu o art. 99 no Ato das Disposições Constitucionais Transitórias, o DIFAL passou a ser exigido nas hipóteses do adquirente ser consumidor final, seja ele contribuinte ou não. Em razão disso, o Conselho Nacional de Política Fazendária – CONFAZ editou o Convênio ICMS nº 93/2015, que "Dispõe sobre os procedimentos a serem observados nas operações e prestações que destinem bens e serviços a consumidor final não contribuinte do ICMS, localizado em outra unidade federada". Não houve, entretanto, a edição de lei complementar para regulamentar a sistemática do DIFAL, conforme exigido pelo art. 146, III, da Constituição Federal. 4. Nesse aspecto, a Corte Suprema, no julgamento do RE nº 1.287.019 e da ADI 5469, Tema 1093, em regime de repercussão geral, fixou tese no sentido de que "A cobrança do diferencial de alíquota alusiva ao ICMS, conforme introduzido pela emenda EC 87/2015, pressupõe a edição de lei complementar veiculando normas gerais". 5. A fim de atender à referida exigência, a União editou a Lei Complementar nº 190, de 04 de janeiro de 2022, que "Altera a Lei Complementar nº 87, de 13 de setembro de 1996 (Lei Kandir), para regulamentar a cobrança do Imposto sobre Operações relativas à Circulação de Mercadorias e sobre Prestações de Serviços de Transporte Interestadual e Intermunicipal e de Comunicação (ICMS) nas operações e prestações interestaduais destinadas a consumidor final não contribuinte do imposto". 6. Conforme previsto em seu art. 3º, a referida lei complementar "entra em vigor na data de sua publicação, observado, quanto à produção de efeitos, o disposto na alínea "c" do inciso III do caput do art. 150 da Constituição Federal", que trata da anterioridade nonagesimal. 7. Quanto à anterioridade anual, reclamada pela parte recorrente, entende-se que a LC nº 190/2022 apenas estabelece novo mecanismo de repartição de receitas, não criando ou majorando tributo. Assim, não há a necessidade de observância ao art. 150, III, ‘b’, que se refere apenas à instituição e aumento de tributo. 8. Acerca da matéria, ao apreciar o pedido liminar deduzido pelo Governador do Estado do Ceará nos autos da ADI 7.078/CE, o Ministro Alexandre de Morais, em decisão proferida aos 17 de maio do corrente ano, entendeu que a referida lei complementar não está sujeita ao princípio da anterioridade, porquanto não criou e nem majorou tributo, mesmo que de forma indireta. 9. DETERMINAÇÃO EXPRESSA DE OBSERVÂNCIA APENAS DO PRINCÍPIO DA ANTERIORIDADE NONAGESIMAL. SENTENÇA CONFIRMADA. 1. Cinge-se a controvérsia à aferição da possibilidade de suspensão da exigibilidade e cobrança do ICMS DIFAL decorrente das operações de remessa de mercadorias a consumidores finais não contribuintes de ICMS localizados no Estado do Ceará de 01 de janeiro de 2022 até 31 de dezembro de 2022, incidindo a anterioridade nonagesimal e a anterioridade de exercício. O cerne da questão é verificar a aplicabilidade, ou não, do princípio da anterioridade de exercício cumulativamente ao da anterioridade nonagesimal. 2. A eficácia da Lei Complementar nº. 190/2022 ficou ressalvada apenas em relação ao princípio da anterioridade nonagesimal. Temos, pois, que o legislador, ao editar lei para regulamentar a cobrança do ICMS nas operações e prestações interestaduais destinadas a consumidor final não contribuinte do imposto, condicionou a eficácia da referida lei apenas ao principio constitucional da noventena, mantendo silente no que toca à anterioridade de exercício. Ocorrida a publicação da Lei Complementar nº. 190/2022 no dia 05/01/2022, a produção de efeitos desta se iniciou em 05/04/2022. 3. Observando a ratio decidendi do voto condutor do RE 1287019, que fixou a tese em repercussão geral através do Tema 1093, tenho que assiste razão ao Estado do Ceará quando sustenta que o Supremo Tribunal Federal considerou as leis estaduais válidas, mas a eficácia estaria condicionada à edição de lei complementar. Precedentes do STF. Entendimento alinhado à orientação do Supremo Tribunal Federal quanto à matéria, valendo lembrar o decidido no RE nº 917.950 e

A repercussão geral que implica o sobrestamento de ações penais, quando determinado este pelo relator com fundamento no art. 1.035, §5º, do CPC, susta o curso da prescrição da pretensão punitiva dos crimes objeto dos processos suspensos, o que perdura até o julgamento definitivo do recurso extraordinário paradigma pelo Supremo Tribunal Federal. <strong style="mso-bidi-font-weight: normal;">2. Aplica-se o §5º do art. 1.035 do CPC aos processos penais, uma vez que o recurso extraordinário, independentemente da natureza do processo originário, possui índole essencialmente constitucional, sendo esta, em consequência, a natureza do instituto da repercussão geral àquele aplicável. INOCORRÊNCIA. 1. <strong style="mso-bidi-font-weight: normal;">O cabimento dos embargos de declaração se dá apenas nas hipóteses previstas no art. 1.022 do CPC: para sanar obscuridade ou contradição no acórdão, ou ainda para elidir omissão, pronunciando-se sobre ponto essencial. Não é essa a hipótese dos autos, em que o acórdão se apresenta adequadamente fundamentado e as teses do recurso foram integralmente examinadas e repelidas, resultado que não foi, afinal, aquele que o recorrente desejou. 2. <strong style="mso-bidi-font-weight: normal;">Mas ainda que assim não fosse, é certo que o juiz, desde que fundamente sua decisão, não está obrigado a se manifestar sobre todos os argumentos suscitados pelas partes. Quanto a isso, a jurisprudência desta Corte é farta em precedentes. 3. <strong style="mso-bidi-font-weight: normal;">Em conclusão, não há omissão a sanar. As alegações do embargante são, em síntese, reiteração dos argumentos anteriormente apresentados nas razões recursais e revelam, quanto aos pontos suscitados, tão somente irresignação com o que foi decidido por esta Primeira Turma. Todavia, os declaratórios não constituem a via adequada para o simples reexame do julgado. 4. Ainda que manejados com finalidade de prequestionamento, <strong style="mso-bidi-font-weight: normal;">os embargos de declaração demandam a ocorrência de algum dos vícios constantes do art. 1.022 do CPC. 5. O recurso de apelação é cabível nas execuções fiscais nas hipóteses em que o seu valor excede, na data da propositura da ação, 50 (cinqüenta) Obrigações Reajustáveis do Tesouro Nacional - ORTN, à luz do disposto no artigo 34, da Lei n.º 6.830, de 22 de setembro de 1980. 2. A ratio essendi da norma é promover uma tramitação mais célere nas ações de execução fiscal com valores menos expressivos, admitindo-se apenas embargos infringentes e de declaração a serem conhecidos e julgados pelo juízo prolator da sentença, e vedando-se a interposição de recurso ordinário. 3. Essa Corte consolidou o sentido de que "com a extinção da ORTN, o valor de alçada deve ser encontrado a partir da interpretação da norma que extinguiu um índice e o substituiu por outro, mantendo-se a paridade das unidades de referência, sem efetuar a conversão para moeda corrente, para evitar a perda do valor aquisitivo", de sorte que "50 ORTN = 50 OTN = 308,50 BTN = 308,50 UFIR = R$ 328,27 (trezentos e vinte e oito reais e vinte e sete centavos) a partir de janeiro/2001, quando foi extinta a UFIR e desindexada a economia". Ministro Mauro Campbell Marques, Segunda Turma, julgado em 02/10/2008, DJe 06/11/2008; AgRg no Ag 952.119/PR, Rel. Ministra Eliana Calmon, Segunda Turma, julgado em 19/02/2008, DJ 28/02/2008 p. 1; REsp 602.179/SC, Rel. Ministro Teori Albino Zavascki, Primeira Turma, julgado em 07/03/2006, DJ 27/03/2006 p. 161. 5. Outrossim, há de se considerar que a jurisprudência do Egrégio STJ manifestou-se no sentido de que "extinta a UFIR pela Medida Provisória nº 1.973/67, de 26.10.2000, convertida na Lei 10.552/2002, o índice substitutivo utilizado para a atualização monetária dos créditos do contribuinte para com a Fazenda passa a ser o IPCA-E, divulgado pelo IBGE, na forma da resolução 242/2001 do Conselho da Justiça Federal". (REsp 761.319/RS, Rel. Ministro Luiz Fux, Primeira Turma, julgado em 07/03/2006, DJ 20/03/2006 p. 208) 6. A doutrina do tema corrobora esse entendimento, assentando que "tem-se utilizado o IPCA-E a partir de então pois servia de parâmetro para a fixação da UFIR. Não há como aplicar a SELIC, pois esta abrange tanto correção como juros". (PAUSEN, Leandro. ÁVILA, René Bergmann. SLIWKA, Ingrid Schroder. Direito Processual Tributário. 5.ª ed. Porto Alegre: Livraria do Advogado editora, 2009, p. 404) 7. Dessa sorte, mutatis mutandis, adota-se como valor de alçada para o

	cabimento de apelação em sede de execução fiscal o valor de R$ 328,27 (trezentos e vinte e oito reais e vinte e sete centavos), corrigido pelo IPCA-E a partir de janeiro de 2001, valor esse que deve ser observado à data da propositura da execução. 8. In casu, a demanda executiva fiscal, objetivando a cobrança de R$ 720,80 (setecentos e vinte reais e oitenta centavos), foi ajuizada em dezembro de 2005. O Novo Manual de Cálculos da Justiça Federal, (disponível e &lt;http://aplicaext.cjf.jus.br/phpdoc/sicomo/&gt;), indica que o índice de correção, pelo IPCA-E, a ser adotado no período entre jan/2001 e dez/2005 é de 1,5908716293. Assim, R$ 328,27 (trezentos e vinte e oito reais e vinte e sete centavos), com a aplicação do referido índice de atualização, conclui-se que o valor de alçada para as execuções fiscais ajuizadas em dezembro/2005 era de R$ 522,24 (quinhentos e vinte e dois reais e vinte a quatro centavos), de sorte que o valor da execução ultrapassa o valor de alçada disposto no artigo 34, da Lei n.º 6.830/80, sendo cabível, a fortiori, a interposição da apelação. 9. A aplicação alternativa do Princípio da Fungibilidade encontra óbice, na medida em que impede a interposição de determinado recurso quando outro é previsto na legislação vigente, conforme dispõe o art. 34 da LEF que das sentenças de primeira instância proferidas em execuções de valor igual ou inferior a 50 (cinquenta) Obrigações Reajustáveis do Tesouro Nacional - ORTN só se admitirão Embargos Infringentes e de Declaração. 2. O acórdão recorrido está em sintonia com o atual entendimento deste Tribunal Superior, razão pela qual não merece prosperar a irresignação. Incide, in casu, o princípio estabelecido na Súmula 83/STJ: "Não se conhece do Recurso Especial pela divergência, quando a orientação do Tribunal se firmou no mesmo sentido da decisão recorrida." 4. TRIBUTÁRIO. AÇÃO DE EXECUÇÃO FISCAL. AGRAVO REGIMENTAL. APELAÇÃO. IMPOSSIBILIDADE DE APELAÇÃO EM CASOS DE EXECUÇÃO FISCAL CUJO VALOR SEJA INFERIOR A 50 ORTN – LEI 6.830/1980, ART. 34. PRINCÍPIOS DA LEGALIDADE, DO DEVIDO PROCESSO LEGAL, DA AMPLA DEFESA, DO CONTRADITÓRIO E DA INAFASTABILIDADE DA PRESTAÇÃO JURISDICIONAL PRESERVADOS. PRECEDENTES DO SUPREMO TRIBUNAL FEDERAL, SUPERIOR TRIBUNAL DE JUSTIÇA E DESTA CORTE DE JUSTIÇA. I. Trata-se de Ação Execução Fiscal promovida pelo Município de Crateús, que tramita sob o nº 15877-68.2013.806.0070, na qual pretende o Ente o recebimento do valor de R$ 594,58 (quinhentos e noventa e quatro reais e cinquenta e oito centavos) proveniente de IPTU regularmente inscrito em Dívida Ativa. II. A Lei 6.830/1980, art. 34, expressamente determina que, da sentença de 1º grau proferida nos autos de uma Execução Fiscal cujo valor objeto da ação atinja até 50 (cinquenta) ORTN, aceitar-se-á, tão somente, a interposição de Embargos Infringentes e Embargos de Declaração<span style="font-size:12pt;font-family:Arial,sans-serif;color:#000000;background-color:transparent;font-weight:400;font-style:normal;font-variant:normal;text-decoration:none;vertical-align:baseline;white-space:pre;white-space:pre-wrap;">. III. Acerca do tema, cumpre destacar que o SUPERIOR TRIBUNAL DE JUSTIÇA, no julgamento do RESP 1.168.625, de Relatoria do Ministro Luiz Fux, consolidou o entendimento de que com a extinção da ORTN o valor da alçada deve ser encontrado a partir da interpretação da norma que extinguiu o índice, como forma de evitar a perda do valor aquisitivo. Desse modo, entendeu que 50 ORTN equivaleria ao valor de R$ 328,27 (trezentos e vinte e oito reais e vinte e sete centavos) a partir de janeiro de 2001 e que tal valor deve ser sempre corrigido pelo IPCA-E. IV. Assim, conclui-se que o valor de 50 ORTN equivalia a R$ 328,27 (trezentos e vinte e oito reais e vinte e sete centavos) em janeiro de 2001 e que tal valor deve ser atualizado pelo IPCA/E até a data da distribuição da ação de execução fiscal para verificar o valor equivalente. Na presente situação, atualizando o aludido valor por meio do site do Banco Central do Brasil, verifica-se que na data do ajuizamento da Ação de Execução Fiscal, ou seja, em abril de 2013, o valor de 50 ORTN equivalia a R$ 718,29 (setecentos e dezoito reais e vinte e nove centavos). V. Desse modo, verificando-se que o débito atualizado abrange o valor de R$ 594,58 (quinhentos e noventa e quatro centavos e cinquenta e oito centavos), já atualizado e corrigido monetariamente à data do ajuizamento da ação, ou seja, em abril de 2013, consoante Certidões da Dívida Ativa (fls.5/6), conclui-se pela impossibilidade de interposição de recurso de apelação, porquanto ausente requisito intrínseco basilar ao seu conhecimento, eis que o valor da execução não ultrapassou os 50 ORTN. VI. Ressalta-se que o Supremo Tribunal Federal, quando do julgamento do ARE 637.975, com repercussão geral reconhecida, de relatoria do eminente Ministro Cezar Peluzo, explicitamente obstou qualquer afronta ao duplo grau de jurisdição o fato de não ser recebido recurso de apelação em face da restrição imposta no artigo 34 da Lei 6.830/1980. Da mesma forma, restou afastada a alegada violação aos princípios da legalidade, do

	devido processo legal, da ampla defesa, do contraditório e da inafastabilidade da prestação jurisdicional. VII. Logo, depreende-se que resta patente a interposição errônea da apelação pelo Município, o que, por consequência, configura erro grosseiro e enseja o não recebimento do apelo, fato que deve ser reconhecido nesta instância. Ademais, faz-se mister salientar que não se permite na presente situação a aplicação do princípio da fungibilidade, porquanto, conforme registrado alhures, trata-se de erro grosseiro, que desautoriza a incidência da instrumentalidade das formas, até mesmo por inexistir dúvida objetiva no caso. 	MUNICIPAL Nº 231/2008. NECESSIDADE PRODUÇÃO DE PROVA PERICIAL PARA DESLINDE DA LIDE. SENTENÇA ANULADA. 1. Cuida-se de Recurso de Apelação Cível, visando reformar sentença que julgou procedente a Ação Ordinária ajuizada em face do Município de Juazeiro do Norte, reconhecendo o direito do autor ao adicional de periculosidade no percentual de 30% (trinta por cento) sobre o salário, condenando a edilidade a implantar referido adicional em folha, com seus reflexos, desde a propositura da ação, devendo os valores atrasados serem calculados em fase de liquidação. 2. Autor, servidor público municipal, exercendo a função de Vigia, desde 15.01.2007, trabalhando em atividades de segurança pessoal ou patrimonial, fazendo jus portanto, ao percebimento do Adicional de Periculosidade, no percentual de 30%(trinta por cento), previsto na Lei Nº 5.139 de 13 de Abril de 2021. 3. O art. 69 da Lei Complementar nº 12/2006 (Estatuto dos Servidores Públicos Municiais de Juazeiro do Norte), devidamente regulamentada pelo Decreto Municipal nº 231, de 02/01/2008, prevê o percebimento do adicional de periculosidade e os percentuais relativos aos graus mínimo, médio e máximo e a aplicação de normas estabelecidas para trabalhadores em geral, legislação específica e demais normas do Ministério do Trabalho. 4. Nos termos do art. 7º do Decreto Municipal nº 231/2008, a periculosidade deve ser comprovada por meio da emissão de perícia técnica e emissão de Laudo Pericial no ambiente de trabalho do servidor requerente, a fim de que seja constatado se realmente a atividade é periculosa, e seja quantificado o correspondente grau. 5. A periculosidade é aferida por meio de perícia médica, com base nas Normas Regulamentadoras aprovadas pelo Ministério do Trabalho, e no caso em análise, diante do acervo probatório acostado aos autos, não verifica-se a presença de tal laudo pericial, sendo extremante precário para comprovar o direito alegado. 6. Diante da ausência de provas suficientes para o deslinde da lide, resta concluir, que a sentença merece ser anulada com o retorno dos autos ao primeiro grau para o regular processamento do feito, imprescindível a dilação probatória. 7. Apelação conhecida e provida. ACÓRDÃO: Vistos, relatados e discutidos estes autos, acorda a 2ª Câmara Direito Público do Tribunal de Justiça do Estado do Ceará, por unanimidade de votos, em conhecer do Recurso de Apelação, para dar-lhe provimento, anulando a sentença vergastada, nos termos do voto da relatora, parte deste. 	Recurso de Apelação Cível que visa modificar a sentença de mérito que entendeu pela procedência da Ação Ordinária de Cobrança ajuizada pelo apelado, que condenou o município réu ao pagamento do adicional de periculosidade no percentual de 30% (trinta por cento). Em suas razões, argumenta a edilidade, em síntese, que o autor não faz jus ao adicional de periculosidade, posto que não implantadas as condições descritas em apresentação de laudo pericial. 2. O adicional de periculosidade é devido àqueles que exerçam suas atribuições em locais periculosos, ou seja, em circunstâncias que os exponha a incidência de agente ou locais nocivos à saúde, seja ele em decorrência da atividade desempenhada ou mesmo das péssimas condições de trabalho. No caso, a Lei Municipal nº. 12/2006 (Estatuto dos Servidores Públicos do Município de Juazeiro do Norte), no art. 69, prevê a concessão de adicional de periculosidade aos servidores que “trabalhem com habitualidade em locais periculosos ou em contato com substâncias tóxicas, radioativas ou em risco de vida”. 3. Contudo, não fora juntado ao presente feito o referido Laudo pericial onde se pudesse evidenciar a efetiva constatação da periculosidade em nível suficiente para garantir ao autor o adicional pleiteado. 4. Assim, que sejam os autos devolvidos ao primeiro grau para a devida instrução do feito, notadamente com a determinação de que seja efetivada uma perícia no local de trabalho do autor a fim de que se constate a eventual existência de periculosidade nas atribuições desempenhadas ou no ambiente em que os desempenha, nos termos da Lei Municipal nº 12/2006. 5. ART. 34 DA LEI N.º 6.830/80 (LEF). 50 ORTN = 50 OTN = 308,50 BTN = 308,50 UFIR = R$ 328,27, EM DEZ/2000. PRECEDENTES. CORREÇÃO PELO IPCA-E A PARTIR DE JAN/2001. 1. O recurso de apelação é cabível nas execuções fiscais nas hipóteses em que o seu valor excede, na data da propositura da ação, 50 (cinqüenta) Obrigações Reajustáveis do Tesouro Nacional - ORTN, à luz do disposto no artigo 34, da Lei n.º 6.830, de 22 de setembro de 1980. 2. A ratio essendi da norma é promover uma tramitação mais célere nas ações de execução fiscal com valores menos expressivos, admitindo-se apenas embargos infringentes e de declaração a serem conhecidos e julgados pelo juízo prolator da sentença, e vedando-se a interposição de recurso ordinário. 3. Essa Corte consolidou o sentido de que "com a extinção da ORTN, o valor de alçada deve ser encontrado a partir da interpretação da norma que extinguiu um índice e o substituiu por outro, mantendo-se a paridade das unidades de referência, sem efetuar a conversão para moeda corrente, para evitar a perda do valor aquisitivo", de sorte que "50 ORTN = 50 OTN = 308,50 BTN = 308,50 UFIR = R$ 328,27 (trezentos e vinte e oito reais e vinte e sete centavos) a partir de janeiro/2001, quando foi extinta a UFIR e desindexada a economia". (REsp 607.930/DF, Rel. Ministra Eliana Calmon, Segunda Turma, julgado em 06/04/2004, DJ 17/05/2004 p. 206) 4. Precedentes jurisprudenciais: AgRg no Ag 965.535/PR, Rel. Ministro Mauro Campbell Marques, Segunda Turma, julgado em 02/10/2008, DJe 06/11/2008; AgRg no Ag 952.119/PR, Rel. Outrossim, há de se considerar que a jurisprudência do Egrégio STJ manifestou-se no sentido de que "extinta a UFIR pela Medida Provisória nº 1.973/67, de 26.10.2000, convertida na Lei 10.552/2002, o índice substitutivo utilizado para a atualização monetária dos créditos do contribuinte para com a Fazenda passa a ser o IPCA-E, divulgado pelo IBGE, na forma da resolução 242/2001 do Conselho da Justiça Federal". (REsp 761.319/RS, Rel. Ministro Luiz Fux, Primeira Turma, julgado em 07/03/2006, DJ 20/03/2006 p. 208) 6. A doutrina do tema corrobora esse entendimento, assentando que "tem-se utilizado o IPCA-E a partir de então pois servia de parâmetro para a fixação da UFIR. Não há como aplicar a SELIC, pois esta abrange tanto correção como juros". (PAUSEN, Leandro. ÁVILA, René Bergmann. SLIWKA, Ingrid Schroder. Direito Processual Tributário. 5.ª ed. 	variant:normal;text-decoration:none;vertical-align:baseline;white-space:pre;white-space:pre-wrap;">Dessa sorte, mutatis mutandis, adota-se como valor de alçada para o cabimento de apelação em sede de execução fiscal o valor de R$ 328,27 (trezentos e vinte e oito reais e vinte e sete centavos), corrigido pelo IPCA-E a partir de janeiro de 2001, valor esse que deve ser observado à data da propositura da execução. 8. In casu, a demanda executiva fiscal, objetivando a cobrança de R$ 720,80 (setecentos e vinte reais e oitenta centavos), foi ajuizada em dezembro de 2005. O Novo Manual de Cálculos da Justiça Federal, (disponível e &lt;http://aplicaext.cjf.jus.br/phpdoc/sicomo/&gt;), indica que o índice de correção, pelo IPCA-E, a ser adotado no período entre jan/2001 e dez/2005 é de 1,5908716293. Assim, R$ 328,27 (trezentos e vinte e oito reais e vinte e sete centavos), com a aplicação do referido índice de atualização, conclui-se que o valor de alçada para as execuções fiscais ajuizadas em dezembro/2005 era de R$ 522,24 (quinhentos e vinte e dois reais e vinte a quatro centavos), de sorte que o valor da execução ultrapassa o valor de alçada disposto no artigo 34, da Lei n.º 6.830/80, sendo cabível, a fortiori, a interposição da apelação. 9. PRINCÍPIOS DA LEGALIDADE, DO DEVIDO PROCESSO LEGAL, DA AMPLA DEFESA, DO CONTRADITÓRIO E DA INAFASTABILIDADE DA PRESTAÇÃO JURISDICIONAL PRESERVADOS. PRECEDENTES DO SUPREMO TRIBUNAL FEDERAL, SUPERIOR TRIBUNAL DE JUSTIÇA E DESTA CORTE DE JUSTIÇA. I. Trata-se de Ação Execução Fiscal promovida pelo Município de Crateús, que tramita sob o nº 15877-68.2013.806.0070, na qual pretende o Ente o recebimento do valor de R$ 594,58 (quinhentos e noventa e quatro reais e cinquenta e oito centavos) proveniente de IPTU regularmente inscrito em Dívida Ativa. II. A Lei 6.830/1980, art. 34, expressamente determina que, da sentença de 1º grau proferida nos autos de uma Execução Fiscal cujo valor objeto da ação atinja até 50 (cinquenta) ORTN, aceitar-se-á, tão somente, a interposição de Embargos Infringentes e Embargos de Declaração<span style="font-size:12pt;font-family:Arial,sans-serif;color:#000000;background-color:transparent;font-weight:400;font-style:normal;font-variant:normal;text-decoration:none;vertical-align:baseline;white-space:pre;white-space:pre-wrap;">. III. Acerca do tema, cumpre destacar que o SUPERIOR TRIBUNAL DE JUSTIÇA, no julgamento do RESP 1.168.625, de Relatoria do Ministro Luiz Fux, consolidou o entendimento de que com a extinção da ORTN o valor da alçada deve ser encontrado a partir da interpretação da norma que extinguiu o índice, como forma de evitar a perda do valor aquisitivo. Desse modo, entendeu que 50 ORTN equivaleria ao valor de R$ 328,27 (trezentos e vinte e oito reais e vinte e sete centavos) a partir de janeiro de 2001 e que tal valor deve ser sempre corrigido pelo IPCA-E. IV. Assim, conclui-se que o valor de 50 ORTN equivalia a R$ 328,27 (trezentos e vinte e oito reais e vinte e sete centavos) em janeiro de 2001 e que tal valor deve ser atualizado pelo IPCA/E até a data da distribuição da ação de execução fiscal para verificar o valor equivalente. Na presente situação, atualizando o aludido valor por meio do site do Banco Central do Brasil, verifica-se que na data do ajuizamento da Ação de Execução Fiscal, ou seja, em abril de 2013, o valor de 50 ORTN equivalia a R$ 718,29 (setecentos e dezoito reais e vinte e nove centavos). V. Desse modo, verificando-se que o débito atualizado abrange o valor de R$ 594,58 (quinhentos e noventa e quatro centavos e cinquenta e oito centavos), já atualizado e corrigido monetariamente à data do ajuizamento da ação, ou seja, em abril de 2013, consoante Certidões da Dívida Ativa (fls.5/6), conclui-se pela impossibilidade de interposição de recurso de apelação, porquanto ausente requisito intrínseco basilar ao seu conhecimento, eis que o valor da execução não ultrapassou os 50 ORTN. VI. Ressalta-se que o Supremo Tribunal Federal, quando do julgamento do ARE 637.975, com repercussão geral reconhecida, de relatoria do eminente Ministro Cezar Peluzo,

Processo	3000249-72.2023.8.06.0058
	explicitamente obstou qualquer afronta ao duplo grau de jurisdição o fato de não ser recebido recurso de apelação em face da restrição imposta no artigo 34 da Lei 6.830/1980. Da mesma forma, restou afastada a alegada violação aos princípios da legalidade, do devido processo legal, da ampla defesa, do contraditório e da inafastabilidade da prestação jurisdicional. VII. Logo, depreende-se que resta patente a interposição errônea da apelação pelo Município, o que, por consequência, configura erro grosseiro e enseja o não recebimento do apelo, fato que deve ser reconhecido nesta instância. Ademais, faz-se mister salientar que não se permite na presente situação a aplicação do princípio da fungibilidade, porquanto, conforme registrado alhures, trata-se de erro grosseiro, que desautoriza a incidência da instrumentalidade das formas, até mesmo por inexistir dúvida objetiva no caso. AGRAVO DE INSTRUMENTO. DIREITO FUNDAMENTAL À MORADIA. PROGRAMA DE LOCAÇÃO SOCIAL. POLÍTICA PÚBLICA ESTADUAL E MUNICIPAL. EXPULSÃO DA MORADIA PELA ATIVIDADE ILÍCITA DE ORGANIZAÇÃO CRIMINOSA. SEGURANÇA PÚBLICA. DEVER DO ESTADO. CIRCUNSTÂNCIAS DEMONSTRADAS NOS AUTOS. REQUISITOS DO ART. 300 DO CPC. SITUAÇÃO DE INQUESTIONÁVEL RISCO SOCIAL E VULNERABILIDADE DA MULHER GESTANTE. RECURSO CONHECIDO E PARCIALMENTE PROVIDO. 1- A decisão adversada privilegiou a concretização do direito fundamental à moradia como finalidade de uma política pública de responsabilidade solidária dos entes federados. Consoante parecer técnico da Secretaria Municipal dos Direitos Humanos e Desenvolvimento Social – favorável à concessão do benefício social pleiteado – a recorrida, gestante, e seu filho de 2 anos de idade se enquadram claramente nos perfis de baixa renda e vulnerabilidade social constantes da Lei Municipal nº 10.328/2015 e do Decreto Municipal nº 13.579/2015, e se encontram em situação de moradia de rua ou em condições subumanas. Verifica-se, ademais, negativa de concessão do benefício almejado em documento firmado por Secretário Executivo do Município de Fortaleza. 2- Por outro lado, a Lei Estadual nº 14.965/2011 ampara a situação da recorrida, em situação de vulnerabilidade social e que se encontra em situação de moradia de rua, desabrigamento ou desalojamento, em face do ora agravante. O referido diploma legal autoriza o Estado do Ceará a implantar Programa de Locação Social, destinado a subsidiar aluguel provisório em virtude de projetos sociais de sua responsabilidade e estabelece que o valor do benefício de Locação Social corresponderá a R$ 400,00 (quatrocentos reais) (art. 6º), não havendo demonstrado o recorrente em que o dispêndio mensal dessa quantia – em caráter provisório, por no máximo 2 anos (art. 9º) – afetaria as finanças ou prejudicaria a consecução de outras políticas públicas estaduais. 3- A Suprema Corte já decidiu que: "O Poder Judiciário, em situações excepcionais, pode determinar que a Administração Pública adote medidas assecuratórias de direitos constitucionalmente reconhecidos como essenciais, como é o caso do direito à moradia, sem que isso configure violação do princípio da separação dos poderes" (STF, ARE 914.634-AgR, Rel. Min. DIAS TOFFOLI, Segunda Turma, DJe 29.2.2016). A Constituição da República de 1988 prevê, no art. 6º, o direito à moradia – incluído pela Emenda Constitucional nº 26/2000 – entre os direitos sociais, merecendo a questão habitacional atenção do constituinte originário, que no art. 23, inc. IX, estipulara a competência comum dos entes federados para a promoção de programas de construção de moradias e a melhoria das condições habitacionais. 4- Diante das circunstâncias do caso concreto, com

O recurso do Município de Fortaleza objetiva a reforma da decisão concessiva da tutela de urgência, que determinou a inclusão da parte agravada no programa denominado "Locação Social" (Lei Municipal nº 10.328/2015. Para tanto, o ente público alega que a parte não preenche os requisitos legais para a obtenção do benefício. Aduz, ainda, a insuficiência de recursos financeiros, além da violação à separação dos poderes e aos princípios da impessoalidade e da isonomia. Sustenta, também, a vedação legal à concessão de tutela liminar desse jaez, bem como a responsabilidade do Estado do Ceará para atender ao pleito autoral. 2. A matéria em tela versa, em sua essência, sobre o direito social à moradia. Na Constituição Federal de 1988, os direitos sociais se encontram amplamente reconhecidos, cabendo destacar o direito à moradia, previsto no caput do art. 6º. 3. Relativamente ao Programa Locação Social, instituído pela Lei Municipal nº 10.328/2015, como bem reconheceu o Juízo a quo, a autora/agravada demonstrou a contento o preenchimento dos requisitos legais, por se tratar de família em situação de vulnerabilidade social, estando a parte na condição de mulher arrimo de família, que paga o aluguel do seu atual imóvel com benefício do Bolsa Família, no valor de R$ 200,00 (duzentos reais), complementado pela bolsa de R$ 400,00 (quatrocentos reais) recebida por seu filho, que é Estagiário Jovem Aprendiz. 4. Quanto à tese de que o Judiciário não deve intervir na política pública municipal, o entendimento firmado pelo Supremo Tribunal Federal é o de que, em situações excepcionais, o Judiciário está constitucionalmente autorizado a obrigar a Administração Pública a adotar medidas assecuratórias de direitos fundamentais essenciais, como é o caso do direito social à moradia, previsto no art. 6º da Carta Magna, sem que isso configure violação à norma da separação dos poderes. 5. A própria Constituição do Estado do Ceará alberga o reconhecimento do direito à prestação assistencial almejado, sendo indicado, nos arts. 298, 300, 304 e 336, ambos do Carta Estadual, que é dever do Estado e dos municípios cearenses, promover o acesso da população ao direito à habitação e a programas públicos de habitação mediante destinação impositiva de recursos, inclusive, para a implementação de programas habitacionais de interesse da população de baixa renda, faixa econômica na qual se insere a parte agravada. 4. Em regra geral, descabe ao Poder Judiciário imiscuir-se na formulação ou execução de programas sociais ou econômicos da Administração. No entanto, como tudo no Estado Democrático de direito não é absoluto, não podem os direitos constitucionalmente consagrados ficarem condicionados à boa vontade do Administrador, sendo de primordial relevância que o Judiciário atue como órgão controlador da atividade administrativa, inexistindo ofensa ao Princípio da Separação dos Poderes. 5. Na hipótese, a autora/agravada logrou êxito em demonstrar, pelo menos a priori, sua extrema vulnerabilidade social e econômica, observando-se sua adequação&#160; nas hipóteses do Programa Locação Social, requerido desde 19/01/2019 e ratificado em 14/06/2023, sendo vislumbrada a presença de elementos suficientes para permitir, ainda que através de um juízo de cognição sumária, que os direitos fundamentais à moradia e à vida digna foram violados, restando, portanto, preenchidos os requisitos do art. 300 do CPC. 6. Não é possível conhecer, por meio de agravo de instrumento, da impugnação formulada pelo agravante quanto ao afastamento do pedido de indenização por danos morais e materiais sob pena de supressão de instância, vez que a questão não fora apreciada pelo juízo de origem, pois a decisão recorrida versa unicamente sobre a concessão de tutela de urgência. 6. 	PPD, e não a CNH, como requisito de investidura no cargo. 2. Da decisão, a Autarquia Municipal de Trânsito de Fortaleza também interpôs apelação, ao argumento de que o edital do concurso não padece de qualquer irregularidade, pois está de acordo com a legislação local de regência. II. Questão em discussão 3. A questão principal consiste em saber se o candidato habilitado para dirigir apenas com PPD, e não com a CNH, pode tomar posse no cargo de Agente Municipal de Trânsito. III. Razões de decidir 4. Porque o Código de Trânsito classifica a PPD e a CNH como espécies do gênero “documento de habilitação de trânsito”, a apresentação de qualquer deles é admissível como prova do preenchimento do requisito de investidura no cargo de Agente Municipal de Trânsito. 5. A imposição de requisito legal de investidura no cargo só se legitima quando compatível com a natureza e as atribuições do cargo, à luz da razoabilidade e da proporcionalidade. 6. A literalidade da lei local e do edital, que mencionam apenas a CNH como documento apto para investidura no cargo de Agente Municipal de Trânsito, deve ser interpretada de modo a ajustar sua aplicação à Constituição Federal e ao Código de Trânsito. 7. A mera interpretação da norma não se submete à Cláusula de Reserva de Plenário, sobretudo, se baseada na jurisprudência do Plenário do STF. IV. Dispositivo 8. Apelação desprovida. Negativa de prestação jurisdicional. Não ocorrência. Impossibilidade de apelação em casos de execução fiscal cujo valor seja inferior a 50 ORTN. Princípios do devido processo legal, do contraditório e da ampla defesa. Inexistência de violação. 1. A jurisdição foi prestada pelo Tribunal de origem mediante decisão suficientemente fundamentada. 2. O Supremo Tribunal Federal, no julgamento do ARE nº 637.975/MG-RG (DJe de 1º/9/11), com repercussão geral reconhecida, de relatoria do Ministro Cezar Peluzo, entendeu que a norma que afirma ser incabível apelação em casos de execução fiscal cujo valor seja inferior a 50 ORTN não afronta os princípios constitucionais da legalidade, do devido processo legal, da ampla defesa, do contraditório,

O recurso de apelação é cabível nas execuções fiscais nas hipóteses em que o seu valor excede, na data da propositura da ação, 50 (cinqüenta) Obrigações Reajustáveis do Tesouro Nacional - ORTN, à luz do disposto no artigo 34, da Lei n.º 6.830, de 22 de setembro de 1980. 2. A ratio essendi da norma é promover uma tramitação mais célere nas ações de execução fiscal com valores menos expressivos, admitindo-se apenas embargos infringentes e de declaração a serem conhecidos e julgados pelo juízo prolator da sentença, e vedando-se a interposição de recurso ordinário. 3. Essa Corte consolidou o sentido de que "com a extinção da ORTN, o valor de alçada deve ser encontrado a partir da interpretação da norma que extinguiu um índice e o substituiu por outro, mantendo-se a paridade das unidades de referência, sem efetuar a conversão para moeda corrente, para evitar a perda do valor aquisitivo", de sorte que "50 ORTN = 50 OTN = 308,50 BTN = 308,50 UFIR = R$ 328,27 (trezentos e vinte e oito reais e vinte e sete centavos) a partir de janeiro/2001, quando foi extinta a UFIR e desindexada a economia". Outrossim, há de se considerar que a jurisprudência do Egrégio STJ manifestou-se no sentido de que "extinta a UFIR pela Medida Provisória nº 1.973/67, de 26.10.2000, convertida na Lei 10.552/2002, o índice substitutivo utilizado para a atualização monetária dos créditos do contribuinte para com a Fazenda passa a ser o IPCA-E, divulgado pelo IBGE, na forma da resolução 242/2001 do Conselho da Justiça Federal". (REsp 761.319/RS, Rel. Ministro Luiz Fux, Primeira Turma, julgado em 07/03/2006, DJ 20/03/2006 p. 208) 6. A doutrina do tema corrobora esse entendimento, assentando que "tem-se utilizado o IPCA-E a partir de então pois servia de parâmetro para a fixação da UFIR. Não há como aplicar a SELIC, pois esta abrange tanto correção como juros". (PAUSEN, Leandro. ÁVILA, René Bergmann. SLIWKA, Ingrid Schroder. Direito

Dessa sorte, mutatis mutandis, adota-se como valor de alçada para o cabimento de apelação em sede de execução fiscal o valor de R$ 328,27 (trezentos e vinte e oito reais e vinte e sete centavos), corrigido pelo IPCA-E a partir de janeiro de 2001, valor esse que deve ser observado à data da propositura da execução. 8. In casu, a demanda executiva fiscal, objetivando a cobrança de R$ 720,80 (setecentos e vinte reais e oitenta centavos), foi ajuizada em dezembro de 2005. O Novo Manual de Cálculos da Justiça Federal, (disponível e &lt;http://aplicaext.cjf.jus.br/phpdoc/sicomo/&gt;), indica que o índice de correção, pelo IPCA-E, a ser adotado no período entre jan/2001 e dez/2005 é de 1,5908716293. Assim, R$ 328,27 (trezentos e vinte e oito reais e vinte e sete centavos), com a aplicação do referido índice de atualização, conclui-se que o valor de alçada para as execuções fiscais ajuizadas em dezembro/2005 era de R$ 522,24 (quinhentos e vinte e dois reais e vinte a quatro centavos), de sorte que o valor da execução ultrapassa o valor de alçada disposto no artigo 34, da Lei n.º 6.830/80, sendo cabível, a fortiori, a interposição da apelação. 9. O acórdão recorrido está em sintonia com o atual entendimento deste Tribunal Superior, razão pela qual não merece prosperar a irresignação. PRECEDENTES DO SUPREMO TRIBUNAL FEDERAL, SUPERIOR TRIBUNAL DE JUSTIÇA E DESTA CORTE DE JUSTIÇA. I. Trata-se de Ação Execução Fiscal promovida pelo Município de Crateús, que tramita sob o nº 15877-68.2013.806.0070, na qual pretende o Ente o recebimento do valor de R$ 594,58 (quinhentos e noventa e quatro reais e cinquenta e oito centavos) proveniente de IPTU regularmente inscrito em Dívida Ativa. II. A Lei 6.830/1980, art. 34, expressamente determina que, da sentença de 1º grau proferida nos autos de uma Execução Fiscal cujo valor objeto da ação atinja até 50 (cinquenta) ORTN, aceitar-se-á, tão somente, a interposição de Embargos Infringentes e Embargos de Declaração<span style="font-size:12pt;font-family:Arial,sans-serif;color:#000000;background-color:transparent;font-weight:400;font-style:normal;font-variant:normal;text-decoration:none;vertical-align:baseline;white-space:pre;white-space:pre-wrap;">. III. Acerca do tema, cumpre destacar que o SUPERIOR TRIBUNAL DE JUSTIÇA, no julgamento do RESP 1.168.625, de Relatoria do Ministro Luiz Fux, consolidou o entendimento de que com a extinção da ORTN o valor da alçada deve ser encontrado a partir da interpretação da norma que extinguiu o índice, como forma de evitar a perda do valor aquisitivo. Desse modo, entendeu que 50 ORTN equivaleria ao valor de R$ 328,27 (trezentos e vinte e oito reais e vinte e sete centavos) a partir de janeiro de 2001 e que tal valor deve ser sempre corrigido pelo IPCA-E. IV. Assim, conclui-se que o valor de 50 ORTN equivalia a R$ 328,27 (trezentos e vinte e oito reais e vinte e sete centavos) em janeiro de 2001 e que tal valor deve ser atualizado pelo IPCA/E até a data da distribuição da ação de execução fiscal para verificar o valor equivalente. Na presente situação, atualizando o aludido valor por meio do site do Banco Central do Brasil, verifica-se que na data do ajuizamento da Ação de Execução Fiscal, ou seja, em abril de 2013, o valor de 50 ORTN equivalia a R$ 718,29 (setecentos e dezoito reais e vinte e nove centavos). V. Desse modo, verificando-se que o débito atualizado abrange o valor de R$ 594,58 (quinhentos e noventa e quatro centavos e cinquenta e oito centavos), já atualizado e corrigido monetariamente à data do ajuizamento da ação, ou seja, em abril de 2013, consoante Certidões da Dívida Ativa (fls.5/6), conclui-se pela impossibilidade de interposição de recurso de apelação, porquanto ausente requisito intrínseco basilar ao seu conhecimento, eis que o valor da execução não ultrapassou os 50 ORTN. VI. Ressalta-se

Processo	0070414-52.2019.8.06.0151
	que o Supremo Tribunal Federal, quando do julgamento do ARE 637.975, com repercussão geral reconhecida, de relatoria do eminente Ministro Cezar Peluzo, explicitamente obstou qualquer afronta ao duplo grau de jurisdição o fato de não ser recebido recurso de apelação em face da restrição imposta no artigo 34 da Lei 6.830/1980. Da mesma forma, restou afastada a alegada violação aos princípios da legalidade, do devido processo legal, da ampla defesa, do contraditório e da inafastabilidade da prestação jurisdicional. VII. Logo, depreende-se que resta patente a interposição errônea da apelação pelo Município, o que, por consequência, configura erro grosseiro e enseja o não recebimento do apelo, fato que deve ser reconhecido nesta instância. Ademais, faz-se mister salientar que não se permite na presente situação a aplicação do princípio da fungibilidade, porquanto, conforme registrado alhures, trata-se de erro grosseiro, que desautoriza a incidência da instrumentalidade das formas, até mesmo por inexistir dúvida objetiva no caso. Nas razões do apelo, o Município recorrente suscita a inconstitucionalidade da Emenda Modificativa nº 05/2015 que deu nova redação aos artigos 3º, VIII, e 16, § 1º, da Lei Municipal nº 33/2009, não sendo capaz de desconstituir a presunção de constitucionalidade da lei. 3. Não procede o argumento do ente público de que haveria necessidade de lei que regulamentasse a referida forma de progressão, conquanto o Plano de Cargos e Carreiras dos Professores já traz os requisitos necessários para evolução na carreira: requerimento com a comprovação de curso de especialização na área específica de atuação do docente devidamente reconhecido pelo MEC. 4. POSSIBILIDADE. NECESSIDADE DE COMPROVAÇÃO DE CURSO RECONHECIDO PELA LEI MUNICIPAL. APELO CONHECIDO E DESPROVIDO. 1. No mérito, cumpre a este juízo de segundo grau avaliar a possibilidade de os autores da presente ação, professores da educação básica do município de Tejuçuoca, evoluírem na carreira, do Cargo de professor de Educação Básica I -PEB I para o Cargo de professor de Educação Básica II - PEB II e, ademais, de serem reconhecidas as titulações pertinentes à pós-graduação. 2. A progressão funcional do servidor, no presente caso, é a chamada progressão horizontal, em que o agente público permanece no mesmo cargo, mas percorre caminho que, normalmente, é representado por índices ou padrões, em que a melhoria é materializada por aumento nos vencimentos. 3. O Cargo de professor de Educação Básica II ¿ PEB II, cuja formação deve ser licenciatura plena em pedagogia ou em área específica do conhecimento, é plenamente acessível aos professores que ingressaram no serviço público para função que não exigia nível superior. Tal fato é evidentemente legal e de consonância com as normas municipais, pois houve movimentação dos servidores na mesma classe e cargo, com incremento apenas de um nível de formação. Com isso, de acordo com a Lei Municipal, depreende-se que a única maneira de deslocamento na carreira é por intermédio do aprimoramento profissional. Por consequência, a progressão na carreira é viabilizada pela titulação, configurando-se o movimento de ascensão na classe, sendo a única exigência a necessidade de demonstração do título por certidão ou diploma da área de atuação. 4. Acerca dos títulos de pós-graduação apresentados, os autores não podem receber em equivalência à titulação de pós-graduação, apenas e somente porque os certificados dos cursos apresentados pelos autores não se encaixam na lista exaustiva constante do dispositivo legal citado (art. 16, § 1º). Feitos esses registros, conclui-se que a legislação local tratou, também, sobre o direito dos professores a evolução funcional, uma vez preenchidos os requisitos necessários relativo a comprovação do Curso de Pós-Graduação com Certificado de Especialização somente para as seguintes matérias: avaliação educacional; educação ambiental; psicopedagogia; planejamento educacional; educação especial e metodologia do ensino fundamental. Nessa vertente, com base na lei do ente e no preenchimento dos requisitos exigidos pela lei, conforme documentação de fls.19/219, dúvidas não pairam sobre a impossibilidade de conceder direito à percepção da implementação da progressão aos autores, pois os cursos concluídos pelos servidores não

	estão inclusos na lista presente na norma municipal. 5. Em breves alegações, o recorrente afirma que a lei municipal que instituiu o plano de cargos e carreiras do município é ilegal, pois confrontaria com dispositivo da Lei Orgânica do Município de Tejuçuoca que afirma ser necessária Lei Complementar, isto é, quorum qualificado, para dispor sobe tal assunto. Entretanto, o apelante não traz aos autos comprovação de que a lei de cargos e carreiras dos docentes do município não teria sido aprovada com quorum de Lei Complementar, sendo tal investigação possível apenas pela leitura de, se existentes, notas taquigráficas do ano de 2009 relativas à aprovação da referida lei. Por fim, não merece prosseguimento o argumento de que, apenas por não ter em sua parte preliminar o nome ¿Lei Complementar¿, a norma, portanto, seria ordinária. Nesses casos, o que deve ser averiguado, em caso de dúvida, é a quantidade de votos a favor da aprovação da lei, e não uma denominação. 6. Recurso conhecido e desprovido. Naquela o servidor é alçado de cargo integrante de uma classe para o cargo de outra, ao passo que na progressão o servidor permanece no mesmo cargo, mas dentro dele percorre um iter funcional, normalmente simbolizado por índices ou padrões, em que a melhoria vai sendo materializada por elevação nos vencimentos . Para exemplificar, suponha-se que a carreira de Técnico de Administração tenha três classes, correspondentes aos níveis A, B e C, e que em cada classe haja três padrões de vencimentos (X, Y e Z). Se o servidor é Técnico de nível A e tem o padrão X, ao passar para o padrão Y, é beneficiado pela progressão. A previsão contida no art. 34 da Lei 12.772/2012, com redação dada pela Lei 13.325/2016, vigente quando do julgamento proferido pelo Tribunal de origem, é expressa ao determinar que aos Servidores ocupantes de cargos na Carreira de Magistério do Ensino Básico, Técnico e Tecnológico do Plano de Carreira e Cargos de Magistério Federal em efetivo exercício na data de 1º de março de 2013, para a primeira progressão ou promoção funcional, será observado o interstício de 18 meses. 4. Com efeito, tendo a ora recorrente preenchido os demais requisitos legais, deve lhe ser assegurada a promoção funcional, levando-se em consideração o interstício excepcional de 18 meses, de modo que deve ser promovida para o nível 1 da Classe DIV a partir de 14.2.2014, sendo-lhe devidos os efeitos financeiros contados desta data até 14.8.2014, quando fora devidamente promovida pela Administração Pública . 5. A impugnação da impetrante não se refere à legalidade da superveniência da Lei nº 10.963/2008, mas sim, à não aplicabilidade da mesma à sua situação, pois antes da lei nova já havia preenchido os requisitos legais da lei anterior (art. 4º da Lei Estadual 9.838/2005). 2. O nosso ordenamento jurídico impõe que as leis novas, sob pena de violarem o princípio da irretroatividade, não se aplicam aos fatos já consumados sob a vigência da lei anterior, respeitando o ato jurídico perfeito e a efetividade da segurança jurídica. 3. A redação do art. 4º da Lei 9.838/2005 estabelece que "[a] promoção na carreira do Magistério Público do Estado do Ensino Fundamental e Médio far-se-á de uma classe para a imediatamente superior, dentro do mesmo nível, observada a disponibilidade orçamentária, a requerimento do interessado e após a comprovação de estar o servidor no efetivo exercício das atividades de magistérios correspondentes às atribuições do cargo que ocupa e, conforme o caso, dos seguintes requisitos: I - Da classe "A" para a classe "B": aprovação no Programa de Certificação Ocupacional. 4. O citado diploma não faz referência à existência de vaga para a concessão da promoção, exigindo como requisito a "aprovação no Programa de Certificação Ocupacional", o qual foi cumprido pela então impetrante, conforme fez contar à e-STJ fl. 24. 5. Lado outro, "os efeitos financeiros, quando da concessão da segurança, devem retroagir à data de sua impetração, sendo inviável a cobrança de valores pretéritos no mesmo mandamus, nos termos do 14, § 4º, da Lei n. 12.016/2009" (RMS 40065/RS, Rel. Ministro Benedito Gonçalves, Primeira Turma, DJe 05/06/2013). 6. O ônus da prova incumbe: [...] II - ao réu, quanto à existência de fato impeditivo, modificativo ou extintivo do direito do autor . (destacado) Ademais, é assente que a mera alegação de indisponibilidade orçamentária, por parte da Administração, não tem o condão de afastar o direito de servidor público ao pagamento de vantagem que lhe é assegurada por lei. De fato, as Câmaras de Direito Público do TJ/CE tem, frequentemente, decidido que eventual

Trata-se de apelação cível e remessa voluntária em face de decisão que determinou a implantação, nos vencimentos da promovente, da promoção/progressão prevista na Lei Municipal nº 1.872/2012. 2. Efetivamente, o referido normativo, que instituiu o Plano de Cargos, Carreira e Vencimentos dos servidores efetivos do Poder Executivo do Município de Maracanaú, no seu Capítulo VIII, estabelece critérios e requisitos para a promoção e progressão funcional. 3. No caso em exame, apesar do regular preenchimento dos requisitos legais indispensáveis, consta dos autos a recusa administrativa à concessão da progressão funcional da autora, com fundamento na necessidade de cumprimento do limite de gastos com pessoal, previsto na Lei de Responsabilidade Fiscal. 4.&#160; Uma vez preenchidos os requisitos previstos na norma municipal, patente o direito da autora à implantação de sua promoção e progressão, não havendo discricionariedade da administração pública em concedê-las ou não. Com relação à alegação do ente público promovido acerca do impacto financeiro-orçamentário da decisão vergastada, há que se observar que empecilhos de ordem financeira ou orçamentária não podem ser utilizados para elidir o direito de servidores públicos ao percebimento de vantagem legitimamente assegurada por lei. Precedente do STJ. &#160;5. Relativamente ao direito de percepção do pagamento pretérito das diferenças remuneratórias, importante registrar que o instituto da promoção/progressão é um direito subjetivo da requerente, assegurado quando do preenchimento dos requisitos estabelecidos em lei. 6. Em sede de reexame necessário, merece reforma a sentença, para que seja adequada a forma de correção das parcelas vencidas e não pagas. O cerne da presente demanda consiste em analisar a possibilidade de a autor, servidora público municipal, perceber o salário mínimo constitucionalmente garantido, independentemente da carga horária de trabalho por ele cumprida, bem como o adicional por tempo de serviço, à razão de 1% por ano de efetivo exercício no serviço público. 3. Com efeito, o direito ao recebimento de salário não inferior ao mínimo legal é constitucionalmente garantido aos servidores públicos (art. 39, §3º, da CF), independentemente de previsão de carga horária no edital do concurso, de ato

	administrativo fixando remuneração proporcional à jornada trabalhada ou previsão no regime jurídico dos servidores municipais, tendo em vista o princípio da supremacia da Constituição. 4. In casu, extrai-se que o postulante exerce a função de Auxiliar de Serviços Gerais no Município de Catunda desde 02/03/2007, conforme termo de posse de pág. 16. Outrossim, os documentos de págs. 18-21 comprovam que,no ano de 2012 a servidora percebeu vencimento mensal inferior ao salário mínimo vigente no país, a comprovar que o procedimento de pagamento utilizado pela Municipalidade está em desconformidade com as disposições constitucionais vigentes, havendo, portanto, ilegalidade a ser sanada. Assim, a sentença adversada coaduna-se com o teor da Súmula 47 desta Corte de Justiça. 5. Da mesma forma, o direito da parte autora, integrante do quadro de servidores municipais, ao adicional por tempo de serviço de 1% (um por cento) por ano de serviço está previsto no art. 68 da Lei Municipal nº 01/1993, que instituiu o Estatuto dos Servidores Públicos do Município de Catunda, sendo autoaplicável a norma que prevê o pagamento de adicionais por tempo de serviço e estabelece de forma clara os critérios para sua implementação, haja vista a sua aptidão para produzir todos os efeitos relativamente aos interesses e situações que o legislador quis regular. Precedentes deste TJCE.&#160; 6. Ademais, a tese recursal do ente municipal acerca de ausência de dotação orçamentária para a implementação e pagamento do adicional por tempo de serviço não pode servir de obstáculo à pretensão autoral, porquanto os empecilhos de ordem financeira ou orçamentária não são justificativas para a não percepção de vantagem legitimamente assegurada por lei, consoante julgados do STJ e deste Sodalício. &#160;7. OBSERVÂNCIA. 1. Na espécie, o Estatuto dos Servidores Públicos do Município de Monsenhor Tabosa, Lei nº 18/1990, prevê expressamente a percepção do adicional por tempo de serviço à razão de 5% (cinco por cento) por 5 (cinco) anos de serviço público efetivo, com critérios claros e precisos, prescindindo de regulamentação posterior, ao contrário do que defende o município apelante, sendo, portanto, auto-aplicável, produzindo efeitos imediatos e incidente sobre o vencimento base, incorporando-se, ex vi legis, ao patrimônio jurídico da apelada ; 2. No que concerne à alegativa do recorrente sobre o impacto financeiro que causará porventura seja determinado o pagamento do adicional por tempo de serviço, igualmente, não merece respaldo legal, haja vista que o STJ possui interativa jurisprudência no sentido de que empecilhos de ordem financeira ou orçamentária não podem ser utilizados com vistas a afastar o direito dos servidores públicos quanto à percepção de vantagem legitimamente assegurada por lei; &#160;3. Tratam os autos de apelação cível em ação de execução fiscal por meio da qual o Município de Fortaleza, parte autora, executou o crédito tributário referente ao IPTU dos anos de 2011, 2012 e 2013 em nome do executado. 02. O Cerne da presente querima repousa em saber se a parte recorrente tem obrigação de pagar custas processuais e honorários em caso de extinção do processo pela quitação do crédito tributário devido o falecimento do devedor, após a interposição da execução fiscal e antes da citação. 03. Como sabemos se tem por inadmissível a substituição da CDA, para a alteração do sujeito passivo da execução, nos termos da Súmula 392 do STJ: "A Fazenda Pública pode substituir a certidão de dívida ativa (CDA) até a prolação da sentença de embargos, quando se tratar de correção de erro

	material ou formal, vedada a modificação do sujeito passivo da execução". A respeito da substituição da parte falecida pelos sucessores a jurisprudência do Superior Tribunal de Justiça firmou-se no sentido de que "o ajuizamento de execução fiscal contra pessoa já falecida não autoriza o redirecionamento ao espólio, haja vista que não se chegou a angularizar a relação processual" (AgRg no AREsp 555.204/SC, Rel. Ministro Mauro Campbell Marques, Segunda Turma, julgado em 23/10/2014, DJe 5/11/2014; AgRg no AREsp 522.268/RJ, Rel. Ministro Napoleão Nunes Maia Filho, Primeira Turma, julgado em 2/10/2014, DJe 17/10/2014; REsp 1410253/SE, Rel. Ministra Eliana Calmon, Segunda Turma, julgado em 12/11/2013, DJe 20/11/2013). 04. In casu, censurável se mostra a sentença recorrida, pois com o falecimento do contribuinte, anterior à citação, o processo até poderia ter sido extinto, porém não com base no art. art. 925 c/c art. 924, I, do CPC, mas sim com esteio no art. 485, VI, ante a carência de ação, e sem o redirecionamento do pagamento das custas processuais para os sucessores no âmbito desta execução. Enfim, a despeito de se ter declarado a extinção do processo pelo cumprimento da obrigação (art. 925 c/c art. 924, I, do CPC), considerando a impossibilidade de redirecionamento da execução, não poderia o juízo ter ordenado o pagamento de custas e honorários, redirecionando o pagamento das custas para o Espólio, mesmo com base no princípio da causalidade, uma vez que sequer a parte executada foi citada e o Espólio não é parte legítima no processo. 05. Assim, se o falecimento do contribuinte se deu antes mesmo da citação, a extinção da execução fiscal deve se dar nos termos do artigo 485, IV, do CPC, descabendo qualquer condenação do espólio ao pagamento de custas processuais ou de honorários advocatícios. 06. Apelação conhecida e provida para afastar a condenação do Espólio nos ônus de sucumbência. (Apelação Cível - 0424619-59.2015.8.06.0001, Rel. AUSÊNCIA DE FORMAÇÃO DO CONTRADITÓRIO. APLICAÇÃO DO PRINCÍPIO PAS DE NULLITÉ SANS GRIEF. SENTENÇA MANTIDA. RECURSO APELATÓRIO DESPROVIDO. 1. Trata-se de recurso manejado contra a sentença que extinguiu a ação executiva fiscal por considerar inviabilizada a modificação do sujeito passivo da execução em razão do falecimento da parte executada antes de efetivada a sua citação. 2. A parte recorrente busca a reforma da sentença para dar regular seguimento à ação fiscal, arguindo, para tanto, a ausência de prova acerca do noticiado falecimento da executada, bem como ofensa aos princípios do contraditório e da não surpresa. 3. Cumpre consignar que, embora a parte apelante tenha alegado a inexistência de documento válido a comprovar o falecimento da parte executada e que a decisão foi embasada em prova inexistente, a certidão de óbito foi efetivamente acostada aos autos à página 48. 4. Quanto ao argumento relativo à nulidade da decisão por ofensa aos princípios do contraditório e da não surpresa, não é demais evidenciar a necessidade de o julgador intimar as partes para se manifestarem sobre elemento fático ou jurídico ainda não debatido no processo, ainda que a matéria seja cognoscível de ofício, oportunizando o direito de participação e de exercer influência sobre o que vai ser decidido. 5. Entretanto, o caso em debate exige ponderação entre os princípios do contraditório e da não surpresa com o princípio da instrumentalidade das formas, mediante o qual não se decreta a nulidade do ato processual se não restar configurado o prejuízo suportado pela parte ("pas de nullité sans grief"). 6. É que não obstante o juízo a quo ter extinguido a ação executiva fiscal com base em certidão de óbito da parte executada sem a prévia intimação da

	Fazenda Pública para se manifestar sobre a questão, pode-se concluir que a solução apontada na sentença não teria resultado diverso caso tivesse sido observado o contraditório, notadamente porque o falecimento da executada, uma vez que ocorreu antes do ajuizamento da ação, impede que a execução tenha continuidade com a simples substituição pelo espólio da devedora. 7. Incide, na hipótese em comento, o enunciado da Súmula 392 do Superior Tribunal de Justiça: "A Fazenda Pública pode substituir a certidão de dívida ativa (CDA) até a prolação da sentença de embargos, quando se tratar de correção de erro material ou formal, vedada a modificação do sujeito passivo da execução." 8. Nesse contexto, entendo que não merece acolhimento a pretensão recursal de anulação da sentença para retorno da situação jurídica a seu status quo ante, pois conforme afirmado em linhas anteriores, o falecimento da executada em momento anterior ao ajuizamento da ação, devidamente comprovado por certidão de óbito acostada aos autos, torna inviável o redirecionamento da execução fiscal e, por conseguinte, impossibilita a sua continuidade por ausência de pressuposto de constituição e de desenvolvimento válido e regular do processo. 9. ART. 1.030, INCISO II, DO CPC. CONSTITUCIONAL, ADMINISTRATIVO E PROCESSO CIVIL. APELAÇÃO CÍVEL. DISPENSA DO REEXAME NECESSÁRIO. ART. 496, §3º, INCISO III, DO CPC/15. ALEGADA DESOBEDIÊNCIA DO TEMA REPETITIVO Nº 17 E DA SÚMULA Nº 490, AMBOS DO STJ. INEXISTÊNCIA. AMPLIAÇÃO DO CONCEITO DE SENTENÇA LÍQUIDA. CONDENAÇÃO PASSÍVEL DE SER MENSURADA A PARTIR DE SIMPLES CÁLCULOS ARITMÉTICOS. PRECEDENTES DO STJ E DESTE SODALÍCIO. ACÓRDÃO RECORRIDO EM CONSONÂNCIA COM OS PRECEDENTES VINCULANTES INVOCADOS. JUÍZO DE RETRATAÇÃO REFUTADO. RATIFICAÇÃO DO JULGADO. 1. Conforme fora relatado, o acórdão deste colegiado entendeu, quanto ao pedido de reexame da sentença, que a remessa dos autos para tal finalidade não seria obrigatória por ser possível quantificar a condenação do ente público e concluir que ela está bem aquém ao valor de alçada. Interposto Recurso Especial pelo Município de Cedro, a Vice-presidência desta Corte, em juízo de admissibilidade, identificou possível inconsistência entre a conclusão do julgado, o entendimento fixado no Recurso Especial nº 1.101.727/PR (Tema Repetitivo nº 17) e a Súmula nº 490, do STJ, determinando o retorno dos autos para eventual revisão proposta em juízo de retratação, nos termos do art. 1.030, inciso II, do CPC. 2. De partida, vale destacar que se reconhece válidas e plenamente aplicáveis as orientações consignadas no Tema Repetitivo nº 17 e na Súmula nº 490, com as devidas adaptações aos novos parâmetros estatuídos no art. 496, §3º, do CPC/15. Além disso, cumpre assinalar que o Superior Tribunal de Justiça, em julgados proferidos já sob a égide do Código de Processo Civil de 2015, elasteceu o conceito de "sentença líquida" para abranger as hipóteses em que o valor do bem jurídico discutido puder ser mensurado por simples cálculos aritméticos. 3. In casu, este Colegiado, considerando os valores discriciminados pelos autores na exordial (R$ 27.624,00 ¿ vinte e sete mil, seiscentos e vinte e quatro reais) e a concessão parcial desta pretensão, concluiu que o proveito econômico auferido pela parte autora, mesmo acrescido dos consectários legais, não alcançaria o patamar legal de 100 (cem) salários mínimos previsto no inciso III do § 3º do art. 496 do CPC/2015, razão pela qual não merecia amparo a tese recursal relativa à necessidade de reexame necessário da contenda. 4. Desta feita, tem-se que o acórdão proferido por este Órgão Julgador, objeto do REsp interposto pelo Município de Cedro, encontra-se de acordo com o entendimento estabelecido no Tema Repetitivo nº 17, na Súmula nº 490, ambos do STJ, e com a jurisprudência fixada pelo Tribunal Superior sob a égide do CPC/15, de modo que a sua ratificação é medida que se impõe. ACÓRDÃO MANTIDO. 1 ¿ Trata-se de análise de Juízo de Retratação, nos termos do art. 1.030, II, do CPC, em face de acórdão prolatado pela 1ª Câmara de Direito Público do TJCE, ante a possível dissonância da decisão colegiada recorrida com o enunciado do Tema 17 do STJ. 2 ¿ Conforme exegese do art. 496, §1º, do CPC, em regra, não há remessa necessária se houver apelação interposta pela Fazenda Pública. Precedentes. 3 ¿ No caso, a matéria que poderia ter sido analisada pela instância revisora em reexame obrigatório já foi apreciada no recurso de apelação, o que, por certo, configura evidente ausência de interesse do ente público quanto ao pleito de reexame necessário, porquanto não há prejuízo ao Município recorrente. 4 ¿ A Corte Superior de Justiça e este TJCE vêm mitigando a rigidez do entendimento sumulado (Súmula 490 do STJ e Tema 17 do STJ) nas hipóteses em que, embora ilíquido o decisum, os elementos constantes dos autos permitam inferir que o valor da condenação não ultrapassa o teto previsto no artigo 496, § 3º, do CPC, permitindo, assim, a dispensa da remessa necessária, ainda que se trate o caso de condenação ilíquida. 5 ¿ No caso, a edilidade foi condenada a pagar ao autor, professor da educação básica da rede pública municipal, enquanto estivesse em atividade de docente em efetiva regência de classe, o abono constitucional de 1/3 (um terço) de férias, calculado sobre todo o período de 45 (quarenta e cinco) dias, e não apenas sobre o período de 30 (trinta) dias. Ademais, o Município foi condenado ao pagamento das diferenças observadas em relação ao adicional de 1/3 (um terço) de férias, vencidas e vincendas, respeitada a prescrição quinquenal. 6 ¿ Na hipótese, o Juízo de primeiro grau considerou que o presente feito não estava sujeito à remessa necessária, por entender que os valores discutidos não atingirão o limite previsto no art. 496, §3º, III do CPC. 7 ¿ Sendo possível inferir, na hipótese, por meros cálculos aritméticos, que o valor do proveito econômico não atingiria o valor de alçada (100 salários-mínimos para o Município), conclui-se que não há conflito do julgado com a Súmula nº 490 do STJ nem com o Tema 17 do STJ, razão pela qual se impõe a manutenção do acórdão anteriormente proferido.
